Multi-Tiered System of Support for Behavior (MTSS-B) is being implemented in all Omaha Public Schools and Programs.

We believe...

We cannot “make” students learn or behave. But we CAN create environments to increase the likelihood that students learn and behave. We CAN create environments to increase the likelihood of positive behaviors occurring. These environments are guided by a set of standardized practices implemented with consistency and fidelity.

MTSS-B is a problem-solving framework for teaching desired behaviors in each school. MTSS-B utilizes consistent practices that have tiers of increasingly intensive supports to increase the likelihood students are academically, emotionally, behaviorally and socially successful.

With consistent implementation, Multi-Tiered System of Support for Behavior

- Improves the school climate
- Reduces aggressive behaviors
- Reduces major disciplinary infractions such as suspensions
- Improves concentration, positive social behavior, and emotional regulation
- Improves academic achievement.

If you would like more information about how MTSS-B is implemented in your school, contact the building principal.

History of Alice Buffett

Our school has been named in honor of an exceptional Omaha Public Schools teacher, Alice Buffett. Her dedication to students was evident during her 34-year tenure. Alice Buffett taught family and consumer sciences at both Benson High School and Central High School from 1935-1969. She was noted as a caring educator and described by one of her students, Dr. Sandra Hodges, former OPS Assistant Superintendent, as “…an educator who always took care of her students and demonstrated a protective, nurturing demeanor while still setting high standards.”

Alice Buffett, in addition to having a love for her students had a love for adventure. During her life, she traveled extensively in the summer throughout Europe, Asia and South America. She taught until 1969 and passed away in 1970.

In honor of his favorite aunt, Omaha’s favorite son, Warren Buffett, international financier, has used the Buffett Foundation since 1988 to give 15 OPS teachers the Alice Buffett Outstanding Teacher Award annually, which includes a $10,000 gift. Warren Buffett said he was “delighted” that his aunt was honored, “just because of who she was and what she did.” “She was a terrific teacher,” he said. “Every student was an individual to her.”

Warren Buffett said he has run into his aunt’s former students all across the country. “As near as I can tell,” he said, “every student she had remembered her and remembered her interest in them specifically.”

“You remember those outstanding teachers” Buffett said, “and there’s probably nobody aside from your parents, that had a greater impact on you.”

The school family takes great pride in carrying the namesake of one of Omaha’s own outstanding teachers and at the same time honoring a family that has given so much to the school district. The Buffett family has demonstrated not only their philanthropy, but moreover their staunch and committed support of the Buffett family.

Buffett High Five

Be Hardworking • Be Kind • Be Safe • Be Trustworthy • Be Your Best

MTSS-B: Behavior Expectations & the Buffett High Five

Excellent behavior and conduct are expected for all students based on the Buffett High Five:
Be Hardworking • Be Kind • Be Safe • Be Trustworthy • Be Your Best
Behavior Expectations:

1. Students are to behave in a manner that allows other students to learn.

2. Students are to behave in the cafeteria in a manner that allows others a pleasant atmosphere in which to eat their meal.

3. Students may only leave classrooms with the teacher’s permission.

4. Students are to respect each other and never throw objects, push each other, or act in any manner that may bring harm to another individual. Student’s should assist or contribute to a conflict/flight/assault by aggravating and/or preventing the intervention of a conflict or assault.

5. Students are to act in a friendly and supportive manner and should never say harsh words to other students. There is a no tolerance policy for bullying. It is neither acceptable nor allowed.

6. Students will use responsible, respectful language. Profanity is not tolerated. In addition, discourteous or inappropriate language toward adults or other students is not acceptable.

7. All food and drink are to be consumed in the cafeteria during lunch. Classrooms are food free zones. Students are not to bring gum, candy, sunflower seeds, pop, sports or energy drinks (Gatorade, Monster, etc.) to school.

8. Beverages from outside of school are not allowed. This includes but are not be limited to coffee, pop, and energy drink (Gatorade, Monster, etc.).

9. School is a drug-free zone. Nebraska State Law and OPS Board of Education policy strictly prohibit tobacco products, alcohol or drugs at school or on school property. (Refer to the Student Code of Conduct.)

10. Student safety is a priority and weapons of any type (pocket knives, scissors, firearms, etc.) are strictly prohibited. Student consequences are severe for carrying or using a weapon. Specific examples and consequences are listed in the buff pages of this handbook.
11. Students are to be respectful of teachers, school authorities, and other school employees. Defiance, threats and/or verbal disrespect will not be tolerated. Parents/guardians will be informed and asked to help in the event of any serious violation of school expectations or in the event of repeated disregard of the behavior expectations outlined for the good of all students. When parents’ expectations support the schools’ behavior expectations, appropriate student conduct follows. We thank parents for their support and encourage them to discuss behavior expectations that are safe, responsible, respectful, and prepare students to come to school ready to learn.

Bus/Van Safety, Behavior Expectations, Consequences

Responsibility & Procedures
Parent support and cooperation is asked regarding bus/van rules and guidelines. The safety of all children is our primary concern. The bus/van ride is an extension of the classroom and thereby requires the same acceptable behavior as is required in the school and classroom. The provision of transportation is a privilege offered and may be withdrawn if the student’s misconduct warrants such action.

If a student fails to follow the bus rules (i.e. obey bus driver, remain seated, talk or read quietly, keep hands, arms and feet to self, nothing is thrown from windows, use appropriate language), the bus driver is required to “write-up” the student on a special Bus Conduct Report Form and submit it to the Dean of Students and/or Assistant Principals.

Consequences for improper bus conduct may include:
- The student conferences with his/her administrator, parent contacted
- The student is assigned a lunch or after school detention, parent contacted
- The student is assigned to the PAC room, parent contacted
- The student is excluded from bus service for 1-5 days, parent contacted
- The student is excluded from bus service for 5 days or more, parent contacted
- The student is excluded from bus service and may receive further discipline action such as suspension from school

Note: It becomes the responsibility of the parent to get the student to and from school if the student has been advised she or he is excluded from bus service.

Excluded from bus service does not mean that the student is suspended from school. Students who miss class because they are off the bus are required to make up all class work. Any violation of the Omaha Public School’s Code of Conduct will supersede the bus write-up.

Students who are not approved for OPS transportation are NEVER permitted to ride a bus to/from school with a friend, even if the parent/guardian has given permission to do so.

Consequences for not following school behavior expectations:
All teachers and teams will have classroom management plans based on the Buffett High Five. Teachers will teach the expectations and life skills curriculum to support students in making good behavior choices. If students do not meet school behavior expectations, teachers will reteach positive behavior skills. Students that are repeatedly not meeting expectations will be sent to the Positive Action Center (PAC) for reteaching and support. Habitual or serious violations of the code of conduct such as fighting or bringing prohibited substances or weapons to school will require parent support to address the concern. Please refer to the buff pages of this handbook for the student code of conduct based on school district policy.

TEACHING BEHAVIOR EXPECTATIONS:
1. All students will receive a student handbook. It will be read and discussed in class. Students will be assessed on their knowledge of the student handbook.
2. Parents will support the schools expectations by reviewing the school handbook with their child and signing off on the student handbook review form.
3. Team and classroom expectations are based on the Buffett High Five and will be explained by teachers, modeled and posted in all classrooms. This will be done extensively during the first two weeks of school and repeated throughout the school year.
4. Life skills will be taught by teachers during class, and during Bobcat Den, and reinforced by facilitators in the PAC room.

Follow-up with chronic offenders may include:

- a parent conference scheduled with the student’s administrator
- restricted participation in certain team or school activities
- extended PAC time
- in-school suspension (ISS)
- suspension after school (SAS)
- suspension from school

**PAC ROOM (Positive Action Center):**

The PAC facilitator will keep parents informed by calling home every time a student visits the PAC room. In addition, the staff member will review and reteach the Life Skill expectations that were not met by the student.

Follow-up with chronic offenders may include:

- a parent conference scheduled with the student’s administrator
- restricted participation in certain team or school activities
- extended PAC time
- in-school suspension (ISS)
- suspension after school (SAS)
- suspension from school

**Students who are assigned to the PAC room will not be able to attend after school activities and athletic competitions.**

**School Store**

Buffett Magnet Middle School has a school store located in the center of the commons area next to the office. The school store is open during Bobcat Den. Buffett t-shirts and sweatshirts, student agendas, pencils, lanyards and pens are available for purchase.

**Student Activity Cards**

There is a district-wide fee of $15.00 for a middle school activity card. An activity card is required for students participating in middle school athletics. It also enables students to attend designated Omaha Public Schools’ middle school and high school activities/events. Students who are eligible for free and reduced lunch may have the participation fee waived and receive an Activity Card at no cost.

The extracurricular activities for which a membership participation fee is charged at Buffett Magnet Middle School are as follows:

- 7th and 8th grade Football, Cross Country, Soccer, Volleyball, Basketball, Swimming, Wrestling, and Track
- All students who participate in 7th and 8th grade athletics must purchase an activity card or apply for a fee waiver. This Student Activity Card is non-transferable and is to be used by the purchaser. Replacement cost for lost cards is $5.00. Misuse will result in confiscation without replacement. **Possession of this card permits access to high school activities at the student rate while accompanied by an adult 19 years of age or older during the entire event.**

**BUFFETT PRACTICE**

**Adopt-A-School**

Alice Buffett Magnet Middle School is proud of the strong alliances which have been formed with neighboring businesses and corporate settings. These relationships provide benefits to both Buffett students and the participating businesses. The student body is afforded the opportunity to learn from the various organizations and the Adopt-A-School partners are able to contribute to the school in the areas
of: academic reinforcements, career development, as well as tangible donations to a given organization. It is a mutually beneficial sharing of resources and Buffett Magnet Middle School is proud to announce the following partners: Cane’s Chicken; Community Rehab (Sports Medicine); Curzon Promotional Graphics; Dairy Queen; Edward Jones; Godfather’s Pizza; Mulhall’s; PIP Printing; Ideal Images; and Texas Road House.

Activity Bus
To support students who live outside the immediate neighborhood, Omaha Public Schools provides free bus rides to eligible students. Students who ride Omaha Public Schools contracted buses may ride the 5:15 p.m. activity bus if they are participating in an after-school activity. Students will be dropped off at a designated bus stop, which may be different from their regular bus stop. Students are responsible for signing up for the late bus with their teacher or in the office. Teachers/club sponsors will be required to submit the names of students riding the late bus to the main office. Only students who qualify for transportation to and from school and who remain for authorized school activities or at the request of a teacher are allowed to ride the 5:15 p.m. activity bus.

After School: Departing & Waiting for Rides
In order to ensure the safety of all students and the security of the building, students who do not ride a bus and live within walking distance of Buffett are required to leave school grounds before 3:15 p.m. Only students with approved and supervised after school activities should remain in the building. Students who wait for a ride after school should arrange for their ride to pick them up before 3:15 p.m. Students on the campus after 3:15 p.m., will be directed to a waiting area and parents are to come inside the building to sign out their students. Parents, please pick up your student prior to 3:15 p.m. Parents will be notified when students are frequently on campus after 3:15.

Appointments During the School Day
Whenever possible, parents and students are encouraged to arrange appointments so they do not conflict with the school day. If, however, it is necessary for the students to be excused during the school day for an appointment, please arrive a few minutes early to pick them up. Students will be called out of class when the parent/guardian or an approved designee on file with the school has arrived at the office to check them out. Students will not be called down prior to the arrival of their parent/guardian or an approved designee that is on file with the school. Students returning to class after an appointment are required to check back into the office upon return to the building to get an admit slip, and are encouraged to bring a note from the appointment with them upon return. Notes may also be faxed to 531-299-2338.

Arriving Early at School
Students may enter the building each day at 7:05 a.m. Sixth grade students should enter the main entrance and be seated in the sixth grade hallway. Fifth grade students should enter the main entrance and be seated in the fifth grade hallway. Fifth and sixth grade students may eat breakfast by entering the main doors and going to the cafeteria. Seventh and eighth grade students enter through the doors on the north side (bus loop doors) of the building. Seventh and eighth grades students may eat breakfast in the cafeteria or wait in gym. All bus students enter through the bus loop doors. At approximately 7:30 a.m., students will be released to report to their lockers to put away coats and book bags, turn off and put away cell phones, and to gather materials they will need for their first class of the day.

Attendance and Tardy Policy
Buffett staff truly values the consistent manner in which parents communicate and share information regarding student absences. This diligence helps school staff insure that all students are safe and accounted for each day. To report a student absence, please call the attendance phone number for Buffett: 531-299-2320, press 2.
Absences from School

UNPLANNED ABSENCES (e.g. student is ill):
1. A parent/guardian should telephone the school by 8:00 a.m. or send a note with a brother or sister.
2. If a parent/guardian has not communicated with the school by approximately 9:30 a.m., the office will call the parents’ phone numbers to ensure that each student is accounted for and safe.
3. A written note signed by a parent or legal guardian, stating the date and reason for an absence is required when students returns to school IF the parent did not previously contact the school about the absence.
4. Parent verified absences are excused absences for which missed student work may be made up with full credit, if completed within two student class contact days of the absence.
5. Absences not verified by a parent are unexcused. Work is to be made up and should be submitted within two student class contact days of the absence.

PLANNED ABSENCES: Planned absences are rare but do occasionally occur for emergency reasons (e.g. a family member’s funeral, “take your child to work day”, specialized medical tests that can only occur during school hours, etc.)
1. If parents or legal guardians know their student will be absent for one or more days, parents or legal guardians should send a note with the student for the office prior to the absence.
2. Homework will be given to students by teachers either prior to the absence or when students return to school. Students will receive full credit for the homework if completed within two student class contact days of the absence.

ABSENCES DUE TO SCHOOL ACTIVITIES: Occasionally school activities (e.g. an away game in athletics, a math competition, etc.) require an absence from class.
1. Teachers will be notified in advance of all school activity absences.
2. Students are to obtain assignments in advance for school activity absences and to provide a courtesy reminder to teachers regarding the absence.
3. Students will receive full credit for all work that is made up within two student class contact days of the absence.

Absence from Physical Education Only:
1. Parents must send a doctor’s note to the school nurse who will issue a “PE excused” pass that the student must deliver to the PE teacher. The note must come from a physician if the student is to be excused from PE classes for an extended period of time.

Absence during the Day:
1. To ensure that our students are safe, all parents or legal guardians are required to stop in to the main office and “sign out” their child if needed during the school day.
2. A student may leave school only with their parent, legal guardians are required, or someone the parent has designated and whose name is on file at the school.

Absence from music and instrumental concerts
All Buffett students that participate in chorus, band or strings are required to attend the evening performance concerts as part of the course. There will be up to five required evening performances. Failure to attend evening performances will negatively impact students’ grades in the chorus, band or strings course. Parents provide transportation to concerts. If a student is unable to attend the concert due to a verified illness or a suspension, an alternate assignment will be provided for the student.
Tardy to School Policy

Arriving to school on time is important for the academic success of your student. We ask for your support in the matter of making sure your student starts class at 7:40 a.m. Students who arrive after 7:40 a.m. should report to the attendance secretary to receive a pink tardy check before going to their locker or reporting to class. Students will present the pass to their teacher upon arriving to class.

After every tardy, school communication will be made with the student’s parent(s).

After 10th tardy – Buffett counselor may implement strategies to reduce tardiness to school.

After 20th tardy – Buffett administrator may intervene and consequences may be assigned.

After 30th tardy – A SAT (Student Assistant Team) may be held.

Tardy to Class Policy (Per Semester)

It is the expectation of our school that all students arrive to class on time. Doing so eliminates the possibility for interruptions to instruction and other potentially disruptive behavior. In situations where a student has a valid reason for being tardy to class, he/she will receive a pass from a staff member excusing the tardy to class.

After every tardy, the teacher will document the tardy on Infinite Campus.

After 1st – Warning to student by the teacher

After 2nd tardy – Warning to student by teacher and teacher will make parent contact

After 3rd tardy – PAC Lunch assigned by teacher and teacher will make parent contact

After every 3rd tardy (3, 6, 9, 12, etc.) - PAC lunch assigned by teacher and teacher will make parent contact

Buffett will randomly conduct hallsweeps throughout the school year. Students who are tardy to class during a hallsweep will be assigned an after school detention.

Bicycles & Skateboards

Students who ride bicycles and skateboards to school should cease riding when they reach the sidewalks that outline the perimeter of the school campus and walk with their bike or skateboard as they approach the school. Bicycles should be secured to the bike rack using a lock. The school can not be responsible for the safe keeping of bicycles and/or accessories. Bike racks are located at both the southeast and southwest corners of the building, on the northeast side of the building (near the front entrance) and on the north side of the building (near the bus/van drop off area). As all responsible bicyclists know, you must lock up your bike every day and walk it in areas of high pedestrian traffic. In addition, for safety reasons, all Buffett students who ride a bicycle are encouraged to wear a helmet when riding to and from school.

Students who ride a skateboard to school must secure it in their locker during the school day. Inappropriate conduct related to skateboards may result in a student losing the privilege of riding his/her skateboard to Buffett Magnet Middle School. Roller blades, Heelys, and scooters are not allowed at school.

Bobcat Den - Advisor/Advisee Program

Bobcat Den is a program designed to help students find success in school both academically and socially. Bobcat Den is the last period of the day. Bobcat Den is a time to check homework assignments and organize student planners, as well as to respond to student questions and concerns. Students take part in life skills/current issues lessons directly connected to MTSS-B and DEAR (Drop Everything And Read) time. Together students and teachers will discuss important academic and social issues that students face in grades five through eight. Students have important decisions to make about working with others, completing schoolwork, planning for the future, and connecting to the world around them. Bobcat Den sessions give students a chance to focus attention on academic organization, decision making, and study skills. This time is also used to set weekly goals and monitor progress that will be shared with parents at Student Led Conferences. The teacher/advisor will be sensitive to the interests of the students, listen to their concerns, and encourage students to develop student responsibilities and organizational skills.
Book Bags & Back Packs

Book bags, back packs, duffel bags, large purses, cinch bags or any other large storage containers must be kept in student lockers during the school day. Students should put their back packs or book bags in their lockers upon arrival first thing in the morning. Student lockers are conveniently located in each team area next to the core classrooms. It will be easy for students to exchange books at their locker throughout the day during passing periods due to the convenient locker placement. Keeping back packs in lockers ensures clear classroom aisles in case of a fire alarm or evacuation. Be sure you do not purchase large back packs with wheels, as oversized back packs will not fit in student lockers.

Breakfast & Lunch

BREAKFAST

We are pleased to offer our students the opportunity to eat breakfast in the cafeteria without charge. Breakfast is served from 7:05 to 7:30 a.m. Students who arrive on buses will go directly to the cafeteria for their breakfast. Students who walk or have a ride from a parent or guardian may enter the cafeteria between 7:05 and 7:30 a.m. Cafeteria closes at 7:30 a.m. for breakfast.

LUNCH

The Buffett Magnet Middle School cafeteria serves hot lunches daily. The full lunch is a balanced meal and costs $1.75 per day. Reduced pay lunch is 40 cents. Students may bring their lunch and buy milk for 35 cents. Students will be provided with reminders of insufficient funds. After three reminders, students will be offered a peanut butter sandwich lunch at student lunch cost. Due to federal regulations, no commercial or fast food or pop is allowed in the cafeteria during breakfast/lunch period(s). All food/drinks need to be consume in the cafe only. All vending machines will be turned off during the school day, which includes the lunch period. Families can pay for their students’ lunch on-line, eliminating the need to send cash or a check with your child. Parents who wish to put money in their students’ lunch accounts can do so electronically by going to the OPS website at district.ops.org. Students who purchase their lunch may buy a balanced meal consisting of the following: meat dish, vegetable, fruit, milk, and bread. Students may also select items a la carte. A la carte items are snacks (predominately healthy choices) that are an additional cost above the school lunch price. Parents/guardians will have the opportunity to sign off on a snack exclusion form if they do not want their student to purchase these a la carte items. Each student has the responsibility to behave appropriately and to make the lunchroom a pleasant place for everyone.

Cellular Phones, Electronics and Telephone Use

Any student who elects to bring a cell phone or electronic device (including but not limited to Airpods and headphones) for use before and after school must turn the device off and place it out of view upon entering the school building.

Any cell phone or electronic used by a student while in the school building will be confiscated by a Buffett staff member between the hours of 7:30 AM - 3:05 PM.

First Offense: Teacher confiscates and contact family.

Second Offense: Teacher confiscates and contact family.

Third Offense: Teacher confiscates and contact family. Item will be given to administrator.

Lost or stolen cell phones and/or accessories are not the responsibility of the school. The school assumes no liability for theft, loss, or damage of cell phones and/or other PEDs possessed by the students on school property or held by school officials during the confiscation period.

Unauthorized use of recording devices of any kind while on school grounds may result in disciplinary actions.

Students are not allowed to place calls or send or receive text messages from their cell phones while in the school building between the times of 7:30 to 3:05. Students needing to use a phone should request permission to do so in the main office. Parents needing to contact their child during the school day must contact the main office at 531-299-2320. Except in cases of emergency, phone messages will be delivered to students at the end of the school day, during Bobcat Den.
Clubs & After School Activities
Students at Buffett Magnet Middle School have many opportunities to become involved with clubs and after school activities. Student involvement fosters self-confidence for learning and a sense of belonging. Participation in clubs and activities also offers opportunities for developing social skills while interacting with students who hold similar interests. Clubs and activities may vary slightly from year to year depending upon student interest and sponsor availability.

After-school detentions will be held in the student’s team area with teacher supervision beginning at 3:05 p.m.

Dress Code
Your personal appearance is basically a concern of you and your parents. However, the administration of the school has the responsibility to help students develop good taste in manners of dress and appearance. Good grooming is the basis for any dress code. Students should report to school ready for work and should not wear anything that is in poor taste or could be considered distracting to the learning environment. Shoes must be worn at all times.

NATIONAL JUNIOR HONOR SOCIETY

Membership in the National Junior Honor Society is both an honor and a responsibility bestowed upon a select number of seventh and eighth grade students. Selection of students for membership is the responsibility of the Buffett Magnet Middle School faculty through the National Junior Honor Society Faculty Council. Students selected for the membership must have at least a 3.75 cumulative grade point average, be in attendance at the school the equivalent of one semester, and demonstrate outstanding qualities in citizenship, character, leadership and service. Once selected, members have the responsibility to continue to demonstrate these qualities. National Junior Honor Society candidates will be inducted into membership at a special ceremony.
Laptops

All Buffett Middle School students are provided with an OPS issued laptop. This laptop is a school to home laptop. Students are required to have the laptop with them every day at school and take it home each night. This opportunity expands learning beyond the four walls of the classroom and evens the playing field for all students. Students are solely responsible for the care of the laptop, for charging the laptop nightly, and for carrying the laptop in the school provided laptop bag. Students are also required to adhere to the expectations and guidelines in the OPS Student/Parent Device Usage Agreement provided to all families upon receiving the laptop. Families are able to purchase optional device protection beyond the 4-year accidental warranty coverage for $20.00.

Library

The library is a spacious state of the art resource for students that is open before, during and after school every day. The aim of the library is to serve all students. Students should get acquainted with the library and its numerous resources. Students will find a current collection of magazines, and thousands of fiction and nonfiction books. Internet resources through school paid subscriptions can link students to thousands of newspapers and Library of Congress approved web sites. Reference books and leveled books are also housed in the library. Computers are available for student use. A librarian or library aide is available to assist in selecting books or finding information.

USE OF THE LIBRARY

Library Hours: Between 3:05 p.m. and 4:45 p.m. on selected days, students and/or classes may use the library for research or to check out books. Students who receive a pass from their teacher may use the library between 3:05 p.m. and 4:45 p.m. for school related study or to check out books.

Open Library Hours: The library is open from 7:05 a.m. to 7:30 a.m. for students who want to read in the morning in a quiet environment.

Book Check Out: Most books can be checked out for three weeks.

Lockers

Lockers are a service to help students with storage. We need our students to help us keep them clean and in new condition. Students should:

1. Use only your assigned locker.
2. Use only magnets to decorate the inside of the locker. Affixing stickers or tape will quickly ruin our lockers. No taped signs or posters are allowed on the inside or outside of any lockers.
3. Make sure the locker is locked after using it (unlocked lockers are the main cause of theft).
4. Never slam or shut hard a locker door, as this is the main cause for lockers to jam.
5. Never bring prohibited or expensive items to school. (To ensure school safety, security will do periodic locker checks).
6. Memorize the locker combination. Never give the combination to others or write it down where other students will see it.
7. If having trouble with the locker, report it to the teacher, and the team leader or security aide can assist you in getting it opened.

Students will have an opportunity to practice their locker combinations at the August student orientation nights. Due to increased enrollment, students may be asked to share a locker with another student.

Lost and Found

If a student loses an item, it is suggested to check the Lost and Found before reporting the loss to your teacher. Please turn in any found article to the office. The PE department also keeps Lost & Found items in their area. Lost articles found in possession of another student may result in strong disciplinary actions. Unclaimed items will be donated to a charitable organization.
Make-Up/Late/Redo-Revise Coursework
Late Coursework: Students are expected to complete coursework on time. Late coursework may be accepted for full credit until the end of the unit based on the teacher’s professional judgement and evidence collected throughout the unit. Accepted late work will not result in a reduction, and the M (missing) will be replaced with the score earned by the student. the teacher or school may make exceptions depending up on student circumstances (such as prolonged absences due to illness).
Redoing/revising Coursework: Students may be allowed redos and revisions of coursework for full credit during the unit of study based upon the teacher’s professional judgment and evidence collected throughout the unit. Scores for student work after retaking, revision, or redoing work will not be averaged with the first attempt at coursework or assessment, but will replace the original student score.

Money
On very few occasions, students will be asked to bring money for school activities. When such occasions arise, printed notices are sent home by the school. When sending money for lunch or any other reason, it is helpful if the money is placed in an envelope and labeled with student’s name and grade.
Students should be discouraged from bringing unnecessary or large amounts of money to school for personal reasons. Small change may be appropriate for use at the school store. The school can not be responsible in any way for loss, recovery, or replacement of money.

Parent Portal
The Parent Portal is a web-based tool that can be used to view school data related to your student. The following types of data may be viewed on the Parent Portal: student schedule, IEP information for Special Education students, posted grades/in-progress grades, attendance, fines/fees, unofficial transcripts, homework assignments and due dates. Please contact the office for assistance in setting up an account or questions regarding a portal account.

Parent Teacher Organization
Active participation by parents of Buffett Magnet Middle School students is strongly encouraged. Strong community support has provided funds and facilities for an outstanding educational program. Parents are encouraged to join the Parent-Teacher Organization (PTO). Active participation allow parents to become more informed about the school program and will give you an opportunity to become acquainted with other parents and teachers. Parent-Teacher Organizations will be held once a month for one hour in the Buffett library. Please refer to the website and weekly bulletin for dates and times of meetings.

Physical Education Class Attire
Students in the 5th and 6th grades do not change for physical education classes. Guidelines for attire in 7th and 8th grade physical education classes are as follows:
1. Students should have a change of clothing, different than what was worn to school. The change of clothing should include: t-shirt, loose fitting elastic waist shorts, sweatpants and/or sweatshirts, socks and athletic shoes. This clothing must adhere to the OPS Student Code of Conduct guidelines on “Dress and Personal Appearance”.
2. Students who do not provide their own physical education clothing will be provided appropriate attire.
3. A part of a student’s grade may reflect the responsibility to be prepared daily for class by bringing and wearing appropriate attire in physical education class.
4. Lockers and showers will be provided in the physical education locker rooms.
Plagiarism

Plagiarism will not be tolerated, in any form, at Alice Buffett Magnet Middle School. Students who are found to have plagiarized information either from a written source or electronic source may be subject to the following consequences:

1. The administrator will review the Academic Integrity Position Statement (see student handbook) with the student.
2. The administrator will contact the parents/guardians and discuss the student’s choice.
3. Students will be given the opportunity to redo the assignment at a lower grade.

Omaha Public Schools Student Code of Conduct: “Plagiarizing computer-based copyrighted materials in reports and assignments is defined as inappropriate use.”

Prohibited Materials

To ensure a healthy school environment students should bring only necessary materials to school. Unnecessary items are distractions to the learning atmosphere and create unnecessary opportunities for theft for which the school cannot be responsible. Staff members are directed to take all such items when seen and give it to the student’s administrator.

Confiscated items may be returned to the student at the end of the school day or kept until a parent/guardian can make arrangements to come to school to claim them. The school can not accept responsibility for security of items confiscated.

Students should not bring non-school related electronics to school. Students who elect to bring non-school related electronics for use to and from school must remove the items upon entering the school and secure them in their lockers before 7:40 a.m. Any such items found in the possession of students during the school day will be confiscated and returned to a parent/guardian.

Student Agendas

It is requested that all students have an agenda. Planners are free of charge for every student. Agendas are used to assist each student to set personal goals, record achievements, manage time, record class assignments and homework, check off completed assignments, and for parent/teacher comments. In addition, the agenda will be used as a pass for movement throughout the building during class time. Examples of hall pass use would be: calls to the office, counselor, library or nurse, restroom breaks and retrieval of belongings from lockers. Agendas are not to be folded, cut, rolled or torn apart. If a student loses his/her agenda during the school year, a new one may be purchased at the school store. Replacement agendas cost $3.00 each.

Student Supplies

The following suggested items are considered “minor consumable items” for the various courses and activities offered at Buffett Magnet Middle School. Each team of teachers will be available to answer questions or provide additional information about school supplies during the August orientation nights. The school will also provide supplies.

- Student Agenda (sold by the school)
- Backpack or bookbag
- Book covers (homemade or purchased)
- Clothing appropriate to activities, such as gym clothes and shoes
- Colored pencils
- Crayons
- Facial Tissue
- Folders
- Highlighters
- Musical instrument cleaners and items (reeds, valve oil, wax, pipe cleaners, etc.)
- Non-specialized calculators (under $15)
- Notebooks
- Pencil box or bag
- Regular paper (ruled or typing)
- Regular pencils, erasers
- Regular pens (black or blue)
- Rulers
- Tape (scotch)
- Three-ring binders

Items that may be commonly found in the home that are for projects or storage (shoeboxes, jars, empty milk jugs, protective clothes, old magazines) may be requested, but shall be provided for children who do not or cannot bring the items.
Student Transportation

In August, the Office of Transportation will notify parents/guardians of students who will receive transportation to Buffett Magnet Middle School. Buses and vans will pick up students at a location designated by the Transportation Office. Parents should assist their students in being punctual, as the bus/van has a set schedule and picks up a number of students on the way to school. The transportation secretary in the office may answer transportation questions. If you are calling after school hours, please utilize the following emergency contact numbers: Student Transportation of America (STA) 402-763-8666 (North Base, Bus #1-199) or 402-933-0661 (South Base, Bus #200-399).

Traffic Safety

Student safety is always a priority at Buffett. During the morning arrival time, there are two “single lane drop-off only” in the main entrance (5/6 grades entrance) and one “single lane drop-off only” in the bus loop/circular drive north of building (7/8 grades entrance). Please consider the following when dropping off students:

- Students should ALWAYS exit the vehicle from the passenger/curb-side. This is the best way to ensure the safety of all students.
- When students are safely on the sidewalk, please slowly leave the drop-off area. A backlog of cars develops when parents wait until their student enters the building. Please leave the drop-off area and move into a parking space if you choose to watch your student enter the building.
- Please do not park or leave your vehicle standing in the drop-off area as it creates a backlog of cars that need to move past the front of the building. If you need to come into the building, even for a few moments, please pull your car into a parking space.
- Please consider carpooling, avoiding congestion between 7:30 AM and 7:40 AM, and using an alternate drop off location, such as Flatland Church, Larimore Avenue or 140th Street.

To avoid congestion at the main entrance and bus loop, please consider dropping your student off on the sidewalk at 140th Street or Larimore Avenue. Students can use the sidewalk to safety walk to their designated entrance. In addition, Flatland Church located on the north side of Larimore and east of 144th Street, has offered the use of their parking lot to drop off or pick up your student. Please refer to our website for more detailed information about our traffic pattern and morning arrival procedures.

All students should obey traffic signals and cross streets at approved crosswalks. Students should avoid walking through personal property and should always use the sidewalk. The school requested and received from the city, a traffic light and crosswalk at 144th and Larimore Avenue and at 140th and Fort Street. Although requested, the city did not grant approval for a north to south crosswalk on Maple Street. Students are encouraged NOT to walk across Maple Street due to the heavy traffic.

Vending Machines

Buffett Magnet Middle School has vending machines for after school use. No regular sodas will be sold; instead, juice, water and healthy drinks will be available in Buffett’s vending machines.

Visitors to the Building

We welcome all parents/guardians. We encourage parents/guardian to be involved in your student’s education, however, if parents/guardians would like to visit a classroom during class time parents MUST give Buffett Middle School 24-hour notice through administration. To preserve the integrity of the learning environment, short visits to the classroom are permitted. All visitors to classrooms will be required to meet with the principal or designee regarding visits prior to entering the classroom. At that time, written expectations will be shared by the principal or designee. Secondary students from other middle school and high school are not allowed to visit.

Protect Instructional Time

Instructional time is protected to support academic achievement. We want our students to grow as responsible Bobcats and try hard to bring their items to school. Families can help by minimizing the number of items that need to be delivered when the school day has begun. Remember to check your student’s agenda each evening so items can be organized. Thank you for your help in making our school goal! Flowers, gifts, birthday cake, etc. are not to be brought to school.

PANDEMIC STATEMENT

As we continue to respond to the global Coronavirus Pandemic, the Omaha Public Schools will cooperate with county and state health department officials and medical experts in developing procedures for mitigating the spread of the COVID-19 virus in our schools.

All students and staff in the Omaha Public Schools are required to adhere to rules, procedures and behavior expectations set forth in this District Student Handbook. Should additional guidelines be developed, modifications will be communicated to all stakeholders.

BEHAVIOR RULES FOR STUDENTS IN REMOTE LEARNING ENVIRONMENTS

In addition to in-person classroom lessons, students enrolled in the Omaha Public Schools may also receive instruction at home through remote teaching and learning experiences. Guidelines and expectations of the Student Code of Conduct remain in effect for students in remote learning environments.

Additionally, students receiving digital curriculum and instruction online should be aware of appropriate use of computers, digital devices, and the network. Any activity, which violates local, state, or federal laws, is considered a violation of the Student Code of Conduct, will result in disciplinary action, and may be referred to law enforcement.

It is expected that students adhere to the following Behavior Guidelines for Remote Learning:

• Wear appropriate clothing for the learning environment
• Use appropriate language for the learning environment
• Student emails should only be sent for class/course purposes
• Never post or repost sensitive information or inappropriate images

• Do not cut, copy, or plagiarize Internet content or the work of others
• Students should never create or knowingly send computer viruses
• Use care with food and drinks while using a district device
• Handle district devices with care

It is required that students adhere to Online Safety Practices for Remote Learning:

• Passwords are private information and should only be shared with parent/guardian
• Report device or content concerns to school staff immediately
• Students should never use other’s passwords
• Students should never communicate with others they do not know
• Students should never post personal information (address, email, phone number, etc)

• Students should not share pictures of themselves for any reason other than a learning assignment
• Should a password become compromised, report it to a school staff member immediately
• Seek support from school staff if having trouble with a district device, network, or online program
Academics, Curriculum, & Instruction

Academic Integrity Position Statement

Academic integrity is a fundamental component of teaching and learning. Maintaining high standards of academic integrity ensures the sustainability of the OPS educational process. Therefore, students are expected to commit to and be responsible for demonstrating the five fundamental components, even in the face of adversity:

1. Honesty
2. Trust
3. Fairness
4. Respect
5. Responsibility

The following activities show a lack of academic integrity: cheating, collusion, falsifying records, lying, plagiarism (including electronic), alteration of materials, forgery, or providing or using external assistance relating to an examination, test, quiz, or daily assignment, without the expressed permission of the teacher, including looking at another student’s work, sharing answers, or copying another student’s work or any act designed to give unfair academic advantage to the student. As an institution of high academic integrity and as believers of supporting students to reach high academic success, every opportunity should be taken to give students the chance to demonstrate mastery of the content.

Grading Overview

Grades for students enrolled in the Omaha Public Schools (OPS) are based on achievement of district-wide/State content standards, which specify what students should know and be able to do. Standards are the same across schools and classrooms for the same courses in the Omaha Public Schools. These grading practices are intended to ensure students have the knowledge and skills necessary for the next level of a course, the next grade or readiness for college or the workforce.

Grading Purpose and Intended Use

Common grading practices provide specific, clear learning goals for students, parent(s)/guardian(s), teachers and administrators regarding what a student must know and be able to do to master the content of a course. They allow teachers to be consistent with common best practices from grading based on educational research. Most importantly, standard grading practices provide tremendous clarity for students and families as to what the grading criteria and expectations are between and amongst teachers, courses, and schools in OPS.

Coursework Types

Coursework may be expected to be completed during class time or outside of school.

- **Practice** (0%) assignments are brief. They are done to learn a new skill or to gain initial content knowledge, (e.g., student responses on white boards, a valid sampling of math problems, keyboarding exercises, diagramming sentences, checking and recording resting heart rate). Practice assignments are not generally graded for accuracy (descriptive feedback will be provided in class) and are not a part of the grade. Practice work is at the student’s instructional level.

- **Formative** (35%) assessments/assignments are done for learning. They are minor assignments, (e.g., a three paragraph essay, written responses to guiding questions over an assigned reading, completion of a comparison/contrast matrix). Formative assignments are graded for accuracy and descriptive feedback is provided. Descriptive feedback provides the student with the necessary information to improve their learning. Formative work is at the student’s instructional level. It is suggested to have three to five formative assessments for every one summative assessment. Formative assessments may be assigned to be completed at home or at school.

- **Summative** (65%) assessments/assignments are major end of learning unit tests or projects, (e.g., a research paper, an oral report with a power point, science fair project). Summative assignments are graded for accuracy. Summative assignments assess the student’s progress on grade level standards. Summative assessments may be assigned to be completed at home or at school.

Progress Reports

Student progress reports are distributed at the middle of each grading period. Progress reports are designed to let parent(s)/guardian(s) know how their child is performing academically. These grades (marks) are not final and do not appear on student transcripts. As always, parent(s)/guardian(s) can make an appointment with teachers or school counselors in the event that additional supports are needed to improve the student’s progress.
Report Cards
Student report cards are distributed at the end of each grading period. Report Cards are designed to inform parent(s)/guardian(s) of the student’s level of proficiency in each course. For quarter-long courses, grades (marks) issued at the conclusion of the quarter will appear on the student’s transcript. For semester-long courses grades issued at the conclusion of the semester will appear on the student’s transcript.

Grade Point Average
Grade Point Average (GPA) is computed by dividing total grade points earned by credits attempted. GPA takes into account the grade earned, amount of credit earned, and the weight (based upon credit) of the course. All graded courses are included in this computation. Grade points are assigned as follows.

Accident Insurance
At the beginning of each school year, all students are given the opportunity to purchase group accident insurance through a private company. The fee is small for the coverage provided. Parent(s)/guardian(s) may choose the 24-hour plan or a more limited school plan that only covers students during school attendance, school activities, school sponsored events and all athletic participation with the exception of football. Football insurance coverage will need to be purchased in addition to the above coverage if the student is in need of insurance for football participation. Schools do not carry insurance on students, their vehicles, or their personal property. For more information please contact Michelle Haynes in Student Information Services at 531-299-9724.

Accreditation
Accreditation is a required process by which schools examine all systems and educational functions to certify competency and authority in the operation of Nebraska public schools. In conjunction with the Nebraska Department of Education and an outside accreditation agency like Cognia, every five years OPS is externally reviewed. This ensures that all people, processes, departments and operations of each school meet all accreditation standards. All of the Omaha Public High Schools are accredited through 2025 by Cognia and the State Department of Education.

Advertising and Promotion in the Schools – Policy No. 1060

1. District staff may cooperate in furthering the work of any non-profit, community-wide social service agency, provided that such cooperation does not restrict or impair the educational program of the schools or diminish the amount of time devoted thereto.

2. The schools may use films or other educational materials bearing mention of the producing firm or sponsor, providing such materials can be justified on the basis of their actual educational value.

3. Any person or organization seeking to distribute flyers of announcements concerning non-school events to a class or school must receive approval from the Office of District Communications. All flyers are to be distributed through the online Community Opportunities. A single flyer may be posted in the building common place, at the discretion of the building leadership.
4. The administration may, at its discretion, announce, or authorize to be announced, any lecture, community activity, or film which it feels has educational merit.

5. School representatives may, upon approval of the board of education, cooperate with any agency in promoting activities in the general public interest, and which promotes education that is in the best interest of the students.

6. Elementary and middle schools may produce school newsletters and/or newspapers, but may not sell advertising for these publications. However, because of some secondary specialized curriculum areas (e.g., journalism, theatre, performing arts, etc.) advertising space for publications such as student newspapers, sports rosters, theatre productions, and yearbooks is permitted. The middle/high school principal will have the final approval of all advertising in all school publications.

7. With the exception of district-approved Adopt-A-School partners, Office of District Communications initiatives or sports advertising agreements entered into with the Omaha Schools Foundation and approved by the Superintendent or his or her designee, no school district property, equipment, facility, or space may be utilized for advertising purposes.

For more information please contact District Communication at 531-299-0221.

### Attendance Best Practices

The single most important factor contributing to student achievement is school attendance. Students are expected to be in school regularly, on time and remain present the entire day. The Omaha Public Schools strongly believes that daily attendance is critical to academic achievement. All OPS schools will follow the Attendance Policy found in the Buff pages of the Student Code of Conduct.

#### STRIVE FOR 95

STRIVE FOR 95 is the district focus on increasing the number of students reaching 95% attendance or higher throughout the school year.

- Attend regularly

#### If a student is going to be absent –

Please contact the school before the morning start time of the day your student will be absent from school. Voicemail will be available to leave a message as to the reason for your student’s absence. If the school is not informed of the absence that morning, the school will contact the parent/guardian’s home and/or work to notify of the student’s absence. This is to ensure that every student is accounted for and for his/her safety. If the school is not notified of the student’s absence in advance or the day of, the parent/guardian must provide a note of explanation as to the reason for the absence upon the student’s return to school.

#### If a student is going to be late to school –

Students must check in per their building’s practices before reporting to class. A note or school contact from the parent/guardian needs to be made to report the reason for the late arrival. Minutes late to school will accumulate and will be added to the total number of days missed. District procedures will be followed regarding late arrivals to school.

#### Request to leave school early –

Whenever possible, doctor, dentist, and other appointments should be made outside of school hours. However, if it is necessary to be excused during the school day, the student is asked to bring a note from a parent/guardian stating the exact time for leaving and the reason. This is for the safety of all students. If you plan to remove your child from school during the day, we ask that you pick the child up in the office. No student will be dismissed as a result of a phone call. All students must be checked out at the office by a parent/guardian/emergency contact, and identification must be verified.

#### School Closing and Early Dismissal

The Omaha Public Schools recognizes the right and responsibility of parents/guardians to make a choice in the matter of school attendance in bad weather. If weather is questionable, please listen to the radio, watch your local weather channel or check OPS social media for word of school closing. The district will also communicate with families via voice and text messages and information will be posted on the district website and social media sites. If school closes during the day, the school will follow the instructions on your student’s emergency card. If this information ever changes, please notify the office immediately.
Athletics and Co-Curricular Activities Requirements

It is the practice of the Omaha Public Schools that any student who wishes to participate in athletics and co-curricular competition must have athletic insurance coverage, a current school physical, activities card, and must meet the academic requirements of the Omaha Public Schools. For the purposes of this practice, co-curricular activities are those which involve competition with other schools and generally meet outside of the school day.

It is the position of the Omaha Public Schools that it is important to support the total student. Expectations for our student athletes in co-curricular activities include not only behavior at school or at school functions and events, but go beyond the school day and into the community.

Coaches have the responsibility, pursuant to the OPS Student Code of Conduct to impose participation restrictions or eligibility restrictions for participation in co-curricular activities on students for inappropriate behavior. It is the policy of the Omaha Public Schools that any student participant in co-curricular activities and athletics who engages in a brawl, melee, fight or similar inappropriate behavior that arises while the student is participating in, or attending, a game or event may be suspended from participation in co-curricular and/or athletics competition for up to 90 activity days. All coaches, activity sponsors or staff responsible for co-curricular and athletic activities should be notified of this participation restriction, and should notify students and parent(s)/guardian(s) immediately of this participation restriction.

If such behavior occurs, it is the responsibility of coaches, activity sponsors or staff responsible for co-curricular and athletic activities to (a) investigate the alleged misbehavior; (b) give the student written or oral notice of the charge against him/her; (c) explain the evidence against the student; (d) give the student a chance to tell his/her version of what happened; and (e) decide whether, in fact, the student violated this participation rule.

The student has the right to appeal the individual coach’s, activity sponsor’s or responsible staff’s decision to the principal.

Athletic Insurance Coverage

All members of athletic squads will need to have accident injury insurance coverage. The purpose of such insurance coverage is to provide coverage in the event of accidental injury. Your school, acting for members of the athletic squad, makes available an Athletic Injury Benefit Plan approved by the Omaha Board of Education. The total premium is paid by the student or parent(s)/guardian(s). If you have your own insurance coverage you must name the insurance company and provide the policy number.

Child Abuse and Neglect

OPS Child Abuse Reporting Policy (Policy 5402) is based on Nebraska State Law (28-711). Every person who is employed by Omaha Public Schools is considered a mandatory reporter. In any situation that would cause a concern to the health or well-being of a child, the staff member who became aware of or witnessed the incident is to contact Child Protective Services (CPS) or Law Enforcement. In addition to calling CPS, the employee needs to speak with his/her building principal or their immediate supervisor. The building principal or immediate supervisor will contact Human Resources if the incident is regarding a staff member causing harm to a student.

When any physician, medical institution, nurse, school employee, social worker, or other person has reasonable cause to believe that a child has been subjected to abuse or neglect or observes such child being subjected to conditions or circumstances which reasonably would result in abuse or neglect, he or she shall report such incident or cause a report to be made to the proper law enforcement agency or to the department on the toll-free number 1-800-652-1999.

Any person who willfully fails to make any report of child abuse or neglect required by section 28-711 shall be guilty of a Class III misdemeanor. This is a maximum of three months’ imprisonment or five hundred dollars fine or both.

Schools are obligated by law to allow CPS and/or Law enforcement under Nebraska State Law (43-250) and Nebraska Administrative Code (390) to speak to your child without prior parental consent when there is an open case involving suspected abuse and or neglect. It is then the responsibility of CPS or Law enforcement to contact you and discuss the contact with your child. School staff are instructed not to notify parents by these officials.

Child Find

Child Find requires all school districts to identify, locate and evaluate all children with disabilities, regardless of the severity of their disabilities. This obligation to identify all children who may need special education services exists even if the school is not providing special education services to the child. Children with disabilities from birth to age 21 are covered. This includes children who are being homeschooled, attending private school, highly mobile children, migrant children, homeless children, children who are wards of the state as well as children who are suspected of having a disability and in need of special education even though they are advancing from grade to grade. For more information, please contact: OPS Director of Special Education, 3215 Cuming Street, Omaha, NE 68131-2024, 531-299-9461.
Children’s Online Privacy Protection Act (COPPA)

The Omaha Public Schools may contract with publishers or other third-party website operators to provide online curriculum that aligns with district standards or other services that support the teaching and learning processes of the district. These websites are offered for the benefit of the students and for the school system, e.g., homework help lines, web-based testing services, and supplemental curriculum. Website operators provide the Omaha Public Schools with full notice of their collection, use and disclosure practices. The use of the website and the collection of any information from students are solely for the use and benefit of the school, and for no commercial purpose.

 Dating Violence Prevention – Policy No. 5420

Omaha Public Schools strives to provide physically safe and emotionally secure environments for all students and staff. Positive behaviors are encouraged in the educational program and are required of all students and staff. Dating violence will not be tolerated.

For purposes of this policy “dating violence” means a pattern of behavior where one person uses or threatens to use, physical, sexual, verbal, or emotional abuse to control his or her dating partner. “Dating partner” means any person, regardless of gender, involved in an intimate relationship with another person primarily characterized by the expectation of affectionate involvement whether casual, serious, or long term.

Incidents of dating violence involving students at school will be addressed as the administration determines appropriate, within the scope and subject to the limits of the District’s authority.

Staff training on dating violence shall be provided as deemed appropriate by the administration. The dating violence training shall include, but need not be limited to, basic awareness of dating violence, warning signs of dating violence, and the District’s dating violence policy.

Dating violence education that is age-appropriate shall be incorporated into the school program. Dating violence education shall include, but not be limited to, defining dating violence, recognizing dating violence warning signs, and identifying characteristics of healthy dating relationships.

The administration will be responsible for ensuring that this dating violence policy is published in the school district’s student-parent handbook or an equivalent such publication. Parent(s)/legal guardian(s) shall be informed of the dating violence policy by such other means as the administration determines appropriate. If requested, parent(s) or legal guardian(s) shall be provided a copy of the dating violence policy and relevant information.

Directory Information

The Family Educational Rights and Privacy Act (FERPA) does permit the School District to disclose appropriately designated “directory information” without written consent unless a parent(s)/guardian(s) or eligible student advises the School District to the contrary in accordance with School District procedures. The primary purpose of directory information is to allow the School District to include this type of information from a student’s education records in certain school publications. Examples include:

- A playbook, showing a student’s role in a drama production;
- The annual yearbook;
- Honor roll or other recognition lists;
- Graduation programs; and
- Sports activity programs showing weight and height of athletic team members.

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without parent(s)/guardian(s) or eligible student’s prior written consent.

The School District has designated the following types of information as directory information:

1. Name
2. Grade level
3. Date and place of birth
4. Dates of attendance
5. The current and the most recent educational agency or institution attended
6. Major field of study
7. Degrees, honors, and awards received
8. Participation in officially recognized activities and sports
9. Weight and height of members of athletic teams
10. Photographic

The School District no longer lists address, phone number and parent name as directory information, in an effort to protect students and parents from disclosure of this information for non-school purposes. However, there are many school-related purposes for disclosing addresses, phone numbers, and parent names: for example, scholarship organizations, news articles on student achievement, class ring manufacturers, yearbook publishers, college recruiters, and senior picture photographers. Therefore, the School District annually requests written consent from parents to release addresses, phone numbers, and parent names for these types of limited purposes, which are detailed on the release. The release is distributed at the beginning of the school year and can also be obtained at any time by contacting Student Information Services, 3215 Cuming Street, Omaha, Nebraska 68131-2024 or at sis@ops.org. We encourage parents to sign the limited release.

Parent(s)/guardian(s) and eligible students who do NOT want directory information made available may indicate their preferences on the release distributed at
the beginning of the school year or may notify in writing the Student Information Services office at 3215 Cuming Street, Omaha, Nebraska 68131-2024 or at sis@ops.org.

In addition to disclosure of directory information, federal law also requires school districts to release to military recruiters and institutions of higher education, secondary school students’ names, addresses and telephone listings, unless parents and/or secondary students request that this information NOT be released to these institutions without their prior written consent.

Parent(s)/guardian(s), eligible students or secondary students who do NOT want their name, address, and telephone listing to be released to military recruiters or institutions of higher education may indicate their preferences on the release distributed at the beginning of the school year or may notify in writing the Student Information Services office at 3215 Cuming Street, Omaha, Nebraska 68131-2024 or at sis@ops.org.

Students and parent(s)/guardian(s) have the right to obtain a copy of the policy of the School District on student records. Copies of the policy are available from in the Student Information Services office, School District of Omaha, 3215 Cuming Street, Omaha, Nebraska 68131-2024 or upon request at sis@ops.org.

**Emergency Protocols**

In August of 2018, the Omaha Public Schools aligned their emergency protocols to adhere to the Nebraska Department of Education’s Safety and Security Standards. The school system will follow standard practice policies using protocols recommended by the iloveyouguys.org Standard Response Protocol (SPR).

Standard Response Protocol procedures are established in the event of a crisis during school hours or sponsored activities. All school staff and students are trained in specific methods to handle crisis situations. All schools are required to practice safety and prepare for severe weather drills throughout the school year.

**Evacuation**

In the event of certain building emergencies, students will be relocated to an assembly site. Students will be released only to parent(s)/guardian(s)/emergency contact who present photo ID to proper staff personnel. This procedure is necessary to account for the location of all students. Specific locations of evacuation sites will be communicated through OPS District Communications when an evacuation has occurred.

**Fire Drills**

In conformity with the regulations of the Nebraska State Fire Marshal, each school is required to hold fire drills. Upon the sounding of the fire drill signal, all students are dismissed immediately and are to follow, under the leadership of staff, the exit instructions that have been issued. The classroom door should be closed upon vacating the room. Remain alert, calm, and quiet as it may be necessary for a change in exit instructions to be given over the P.A. system. Avoid crowding, pushing, or shoving. Under the guidance and leadership of staff, students should remain in the assigned area until notification from staff.

**Lockdown**

A lockdown takes place if an internal threat is identified at the school. All school doors are locked, and students are confined to classrooms or secured location. No entry or exit to the school will be allowed until an “all-clear” announcement is made.

**Lockout**

A lockout takes place if an external threat is identified near school grounds. All external doors are to remain locked. No entry or exit to the school will be allowed until an “all-clear” announcement is made.

**Severe Weather**

The Omaha Public School policy recognizes the right and the responsibility of parents in the matter of school attendance when inclement weather exists. In case of extreme winter weather conditions, announcements of school closings will be made from the department of District Communications at or before 5:30 a.m. Any changes in dismissal time will also be announced. If the school is alerted to an approaching tornado, immediate directions will be announced within the school building. All students, staff, and visitors will move to sheltered areas until the emergency has passed. In cases of emergencies or of impending disaster, staff is responsible for giving specific instructions for student safety.

Equal Access

As required by federal law, Omaha Public Schools provides equal access to the Boy Scouts and other designated youth groups. Please contact the building principal or the Executive Director for District Operational Services at 531-299-2201 for inquiries regarding this policy.

Health Services

The activities of the health program are implemented at the building level by a registered nurse who is part of the educational team and who is involved with identification, evaluation and care for the individual health needs of all students.

An ill or injured student may not leave the school until permission from the parent(s)/guardian(s), or the person designated by the parent(s)/guardian(s), has been received by the nurse or designee.

A health record is on file for each student in the health office and student health information is entered electronically in Infinite Campus. Parent(s)/guardian(s) are asked to update their child’s health information by reporting to the nurse any booster immunizations, new eyeglasses, change in health status or other pertinent information necessary to keep students safe, healthy and ready to learn at school.

Accident Report

When an accident occurs where an injury is involved, and the student misses a half day of school or needs to be evaluated by a health care provider, an accident report will be completed.

Action Plans and Rescue Medication

Asthma, anaphylaxis, seizures and diabetes are illnesses which have the potential to cause life-threatening symptoms. A current Action Plan is to be provided to the school at the start of each school year, and if the plan changes during the school year. This plan, signed by the health care provider and the parent(s)/guardian(s) authorizes the required rescue medication be provided to the student at school with the health care provider’s description of the signs and symptoms of an emergency, recommended emergency response and the rescue medication prescribed when these symptoms are present.

Community Counseling Program

The Community Counseling Program has been a collaborative effort of the Methodist Hospital Foundation, Omaha Public Schools and participating churches since 1996. The Community Counseling Program’s mission is to provide crisis interventions, professional consultations, individual, marriage and family counseling and educational presentations and programs to the communities it serves. The Program provides professional counseling services to the youth of the Omaha community, their families and others with the greatest need for mental health services.

Minimum Annual Health Screenings

School health screening is mandated by the Nebraska Department of Health and Human Services which applies to every public-school district in Nebraska and every student under their jurisdiction. These regulations became operative July 1, 2017.

The purpose of screening is to identify those students needing further evaluation or assistance in the areas screened. A health screening or health inspection is not diagnostic. The role of the school in these regulations is to make available the required health screening services and carry out compliance activities as described. It is not the role of the school to be a medical provider. Parent(s)/guardian(s) are to be notified of the screening result if the student is found to need further evaluation, as determined by the qualified screener. The cost of the evaluation, by a health care provider, is the responsibility of the parent(s)/guardian(s) of the student. A schedule for screenings is based on current medical and public health practice.

A child is not required to participate to school health screening if the student’s parent(s)/guardian(s) provides school authorities with a statement signed by a physician, physician assistant or an advanced practice registered nurse. The provider will state that the child has undergone such required screening within the last six months preceding the school’s scheduled screening. A child must submit to any required screening at school for which such a statement is not received.

Students in Nebraska schools must be screened periodically for vision, hearing and dental health. In addition, the Nebraska Department of Health and Human Services prescribes height and weight measurement, with calculations of body mass index (BMI), for the purpose of monitoring weight/height status at intervals for all students.

As of July 2017, a child’s parent(s)/guardian(s) may object for the child to be screened for height and/or weight. This objection must be in writing, signed, dated and received by the school before the height and weight screening is done. An updated written, dated objection must be received by the school for each year the child is in a grade level that will be screened for height and weight.
Nebraska School Immunization Law

• **Students are required to be immunized prior to enrollment and any student not in compliance will not be permitted to continue in school. The minimum immunizations required for enrollment are:**

  **Students 2-5 years of age:**
  3 doses of pediatric Hepatitis B vaccine  
  4 doses DtaP, DTP, or DT vaccine  
  3 doses of Polio vaccine  
  1 dose of MMR or MMRV given on or after 12 months of age  
  3 doses of Hib vaccine or 1 dose of Hib given at or after 15 months of age  
  1 dose of varicella (chickenpox) or MMRV given on or after 12 months of age, or written documentation from parent(s)/guardian(s) or health care provider of the month and year of varicella disease  
  4 doses of pneumococcal or 1 dose given on or after 15 months of age

  **All students from Kindergarten through 12th grade:**
  3 doses of pediatric Hepatitis B vaccine or 2 doses of adolescent vaccine if student is 11-15 years of age  
  3 doses DtaP, DTP, DT or Td vaccine, one given on or after the fourth birthday  
  3 doses of Polio vaccine  
  2 doses of varicella (chickenpox) or MMRV given on or after 12 months of age and separated by at least one month, or written documentation from parent(s)/guardian(s) or health care provider of the month and year of varicella disease  
  4 doses of pneumococcal or 1 dose given on or after 15 months of age

**Additionally for 7th grade students (or students enrolling for the first time in OPS in grades 8-12) only:**

- Students enrolling in 7th grade and those transferring in from out of state in grades 8 thru 12 must provide evidence of having 1 booster dose of tetanus, diphtheria and pertussis (Tdap) vaccine, given on, or after 7 years of age.  
  1 dose Tdap (must contain pertussis booster) – the dose can be received any time after 10-11 years of age depending on which brand of vaccine is used.

  • Exemptions will be granted for: (1) health reasons substantiated by a written health care provider statement; (2) religious conflict substantiated by a notarized affidavit from the parent(s)/guardian(s).

  • Proof of at least one immunization for each required series of immunizations is necessary, to be provisionally enrolled.

  • If a student does not have proof of receiving all State required immunizations, provisional enrollment may be allowed when a parent(s)/guardian(s) provides an immunization appointment date to their child’s school nurse. Written verification from the health care provider is necessary when the student returns to school, after receiving the immunization. Provisional enrollment will continue, provided the immunizations are given as soon as it is medically possible.

  • Special provisions are available for children of officers or enlisted persons on active duty in the military. Please contact your child’s school for further information.

Immunization Requirement

Students who do not meet the state immunization requirement for immunization compliance may be subject to emergency exclusion until the school reviews the official immunization record which indicates the student meets minimum requirements and or receiving the required immunizations as quickly as medically permitted.

Physical Examination Requirements

Students initially enrolling in school, entering the seventh grade or transferring from out-of-state are required (by Nebraska Department of Health and Human Services) to have a physical examination by a licensed health care provider within six months prior to entrance and provide proof of such an examination. Parent(s)/guardian(s) may opt out of this requirement through a written waiver obtained at the school.

Visual Evaluation Requirement

A vision evaluation by a health care provider or an optometrist is required within six months prior to entrance into kindergarten or transfer from out-of-state. The evaluation will examine for amblyopia, strabismus and internal and external eye health, with testing sufficient to determine visual acuity. Parent/guardian may opt out of this requirement through a written waiver obtained at the school.

Procedures for Medications

1. **OPS policy requires written authorization from a health care provider, or dentist, and written parent(s)/guardian(s) permission for any prescription or over-the-counter medication administered to any student.** No unauthorized medication (aspirin, Tylenol and cough drops included) will be administered by the school nurse or other school personnel. No OPS personnel will prescribe medication at any time.
When a student must take medication during school hours, adherence to the following procedures is strictly followed:

a. The school must have written permission from the parent(s)/guardian(s) and a written health care provider statement which provides instruction in providing the correct dosage at the correct time(s). This authorization must be submitted at the start of each school year and with any change in the medication or change in dosage. Authorization from the parent(s)/guardian(s) and health care provider is necessary for all over-the-counter medication also.

b. The medication must be brought to school by the parent(s)/guardian(s) or an adult authorized by the parent(s)/guardian(s). Secondary students are allowed to bring medication to school if parent(s)/guardian(s) permission and physician authorization and instructions are available in the health office. No secondary or elementary students are allowed to bring or carry home any controlled medication (methylphenidate, Adderall, etc.) to school. A parent(s)/guardian(s) or parent(s)/guardian(s)-designated adult is to bring controlled medication directly to school personnel.

c. Pharmacies will provide a prescription medication bottle dedicated to school with each refill. The label on the medication is to include the student’s name, health care provider’s name, date and directions to be followed.

d. Expired or outdated medication will not be accepted or administered to students at any time.

e. Non-emergency medication (routine, as needed and over-the-counter medication) is stored in a locked area in the health office until they are turned into OPS environmental services for disposal.

f. Emergency medication (e.g. EpiPens, inhalers, glucagon and diastat) is stored in a secure but unlocked area in the health office to provide immediate access.

g. Parent(s) or guardian(s) of a student who will not be returning for OPS summer session are responsible to pick up their students’ prescription or over the counter medication on or before the final day of school. Medication that is not picked up will be sent to the district’s environmental services for disposal.

h. Parent(s) or guardian(s) of a student who will be attending summer session in OPS are responsible to pick up their students’ prescription or over the counter medication on or before the final day of summer school. Medication that is not picked up will be sent to the district’s environmental services for disposal.

2. A student may self-medicate if:

a. The student’s health care provider has authorized self-medication or to self-carry, when it is to be taken, the dosage and frequency of administration.

b. The parent/guardian provides written permission.

c. If a student uses his/her own medication other than as prescribed, or endangers himself/herself or others, the student may be subject to disciplinary action by the school and may be prohibited from carrying their medication at school.

3. A student may self-monitor a diabetic condition if:

a. There is a written management plan developed by the school, health care provider and parent(s)/guardian(s) designating the specifics of self-monitoring.

b. The parent(s)/guardian(s) has completed a designated liability statement.

c. If a student uses his/her own medical supplies other than as prescribed, or endangers himself/herself or others, the student may be subject to disciplinary action by the school and may be prohibited from self-monitoring the diabetic condition.

**School Based Health Centers**

To ensure students are healthy and ready to learn, the Omaha Public Schools partners with OneWorld Community Health Center and Charles Drew Health Center to provide quality health care within eight School Based Health Centers (SBHC) in buildings throughout the district. The SBHCs are staffed by licensed advanced practice registered nurses and physician assistants that can diagnose, treat and prescribe medications for many illnesses that keep children out of the classroom, in addition to providing school physicals, physicals to participate in athletics and administering immunizations which are required to attend school. With parent(s)/guardian(s) consent, any OPS student and their minor siblings may use the services provided in the SBHC. The relationship with a student’s medical home is not disrupted if the SBHC is utilized by the student. The SBHC accepts Medicaid, Kids Connection, commercial insurance, or they can provide a low-cost sliding fee schedule for uninsured children based on family income and size. To enroll, the “School Based Health Center Enrollment and Consent Form” must be completed by a parent(s)/guardian(s) and returned to school. For enrollment forms and more complete information about hours, services and cost, please visit or call your school nurse for assistance.
Special Health Needs

It is imperative for parent(s)/guardian(s) to notify the school of any health needs/concerns their child may have, such as asthma, seizure disorders, severe allergy, diabetes, blood disorders, etc.

Parent(s)/guardian(s) must provide all of their student’s medications and medical supplies for special health care procedures, including blood glucose monitors, inhalers, tubing for nebulizers, catheterization supplies, etc. Medication and certain medical procedures require authorization from the parent(s)/guardian(s) and health care provider (physician [O.D., M.D.], advanced practice registered nurse [A.P.R.N.], physician assistant [P.A.]).

Special Emergency Procedures

In case of cardiac arrest, an Automated External Defibrillator (AED) may be administered by designated trained staff in CPR/AED to students as a life-saving measure. If a student sustains a life-threatening asthma attack or a severe allergic reaction (anaphylaxis), epinephrine and nebulized albuterol may be administered by trained staff. Emergency Medical Services will be activated in life-threatening emergencies. AED and emergency medications, for asthma and anaphylaxis emergencies, are not to be taken off school grounds.

Multi-Tiered Systems of Support for Behavior

In the Omaha Public Schools, we believe we can affect student behavior by creating environments where students are likely to learn and behave. These environments are guided by a set of standardized practices to increase the likelihood of positive behavior occurring. With consistent implementation, MTSS-B

- Improves school climate
- Reduces aggressive behavior
- Reduces major disciplinary infractions
- Supports social-emotional learning and self-regulation
- Improves academic achievement and student attendance

School administrators use this framework to support students’ needs when making decisions regarding the OPS Code of Conduct. Each school and program in Omaha Public Schools has an MTSS-B Team to ensure effective practices are in place.

OPS Academic Eligibility for High School Students Who Participate In Any Sanctioned Activities Sponsored by the NSAA - Policy No. 5102

I. PURPOSE
To delineate system-wide academic eligibility guidelines for students who participate in Nebraska School Activities Association (NSAA) sanctioned activities.

II. BACKGROUND
This policy will outline academic eligibility procedures to be used by high school students who choose to participate in any NSAA extracurricular activity. The sanctioned NSAA activities are as follows: cross country, football, golf, softball, tennis, volleyball, basketball, swimming, wrestling, bowling, unified bowling, baseball, soccer, track & field, unified track & field, debate, journalism, music, play production and speech.

III. DEFINITIONS
A. Extracurricular Activities Requiring Academic Eligibility is defined as sanctioned NSAA activities (see above listing).
Non-NSAA activities, whose sponsor receives a qualifying intramural unit of salary, listed as nonathletic and athletic in the Negotiated Agreement between the Omaha Education Association and the Omaha Public Schools Board of Education does not require academic eligibility.

B. Eligibility Period is defined as the one quarter prior to the season in which the student is participating.

C. An Audit course is taken for no credit and is not a part of a student’s grade point average (GPA).

IV. PROCEDURES
A. Eligibility
1. No pass, no play. All middle and high school students participating in, or who plan to participate in sanctioned NSAA activities, must maintain a passing grade in every class for the eligibility period.

2. Grades reported as incomplete (INC) as a result of district excused absences shall be considered passing grades until changed. Incomplete grades that are not changed to a passing grade within ten school days after report cards are issued will be considered failing grades for eligibility purposes until they are changed.

3. Student Withdraw from Courses
   a. A student may withdraw from a course within 15 school days from the beginning of the course or less without penalty.
   b. A student must be enrolled in a minimum of six courses per semester. Seniors must have their schedules meet the approval of their guidance counselor, and should be enrolled in a minimum of four courses per semester.
   c. When a student withdraws from a course after 15 school days after the start of the course, the student will be given a drop grade at the time of the withdrawal from the course, and that grade will be factored into the grading period average.

4. When a student transfers into an OPS high school, the grades from the previous high school will be used to determine academic eligibility.

5. Each activity sponsor, athletic director, or coach will verify student’s academic eligibility.
for sanctioned NSAA activities every two weeks. Grade reports will be generated every two weeks.

6. Students enrolled in less than a full day schedule must pass each course and be eligible.

7. High school students who do not maintain a Term (quarter) GPA of 2.0 must attend academic coaching a minimum of one hour a week for nine weeks until he/she demonstrates a Term, (quarter) GPA of 2.0. All students have the opportunity to retake any course that they earn a “D” or “F” to replace this grade with a higher grade. All students, who have a “D” or “F”, will continue to attend Academic Coaching sessions until the student is passing all courses. The minimum number of academic coaching sessions per week is a one-hour session; however, some students who are failing may need to attend more than the minimum one-hour academic tutoring session.

B. Exceptions

1. This policy does not govern activities related to course objectives or extension of a graded course or of a high school credit course e.g., concert or drama presentation, that would adversely affect the student’s grade.

2. An unsatisfactory evaluation in an audit course is not considered failing for student eligibility.

3. Students who have an Individual Education Plan (IEP) will be exempt from the Term GPA 2.0 (quarter) and no pass, no play requirements. Students with an IEP must continue to meet the NSAA requirement of passing four classes during the prior (quarter) term.

4. In cases where there are extenuating circumstances, students who do not meet the Term (quarter) GPA 2.0 requirement and/or are failing courses and who wish to participate have the option to use a waiver available to them one time during their high school years. A student can only use the waiver option if he or she is participating in intervention and/or support programs. The waiver may be used as long as all other NSAA requirements are met. The waiver is approved or denied by the building principal or the principal’s designee.

C. Local School Responsibilities

1. Schools (middle and high school) shall communicate in writing to students and parents a list of opportunities for all students to participate in extracurricular activities and a copy of the OPS academic eligibility requirements for NSAA sanctioned activities. In addition, parent(s)/guardian(s) shall also receive a copy of the OPS Academic Coaching Program brochure.

2. Schools must have the OPS Academic Coaching Program in place to help students retain or regain academic eligibility for all NSAA sanctioned activities.

3. Schools shall evaluate the effectiveness of their OPS Academic Coaching Program annually.

Nutrition Services

The Omaha Public Schools District recognizes students need access to nutritious meals during the school day to stay focused in the classroom. Breakfast is provided at no charge to all students and lunch is provided at reasonable prices. It is the parent/guardian’s responsibility to pay for their student’s meals. The information below describes the standard practice the district will follow to maintain the financial integrity of the nonprofit school meals program while minimizing any undue focus on children who do not have funds.

Meal Applications

At the beginning of each school year, free and reduced meal applications are distributed to OPS families. They are available online, at all schools, and in the Nutrition Services Office. A student’s meal status from the prior year is carried over for thirty student days into the next school year. To continue meal benefits, a completed and approved application must be on file. Families may complete an application online for the upcoming school year any time after July 23 (may vary year-to-year). Families may also submit applications any time throughout the school year if they believe they may qualify or if their circumstances have changed (e.g., if the household size goes up, income goes down or if anyone in the household starts receiving SNAP, TANF, or other benefits). Links for the online meal application and online payment are located at district.ops.org.

Meal Balances

Parent(s) and/or guardian(s) are encouraged to monitor their child’s meal balance online and keep an adequate amount of funds in the child’s account to pay for their meals. Prepayment is encouraged. Payment may be made online, or at the school with cash or check. District staff will notify parent(s)/guardian(s) of low account or negative
balances by using various communication channels (e.g., sending reminders home with the child, making phone calls, sending letters home and through email messages). For information on accessing your child’s online account visit: www.schoolcafe.com (you will need your student’s ID).

**Elementary Schools:**
- A complimentary breakfast is provided to all students.
- Money remaining in a student’s account at the end of the year will be carried forward to the next school year unless contacted by the parent/guardian for a refund or the child leaves the district. If a student changes buildings within OPS their meal balance will follow them.
- Nutrition Services staff will notify the parent or guardian when the account has funds remaining for three meals in the account (approximately $4 full price meals or $1.20 for reduced price meals).
- Students must have money in their account or cash to purchase extra milk or a la carte items.
- Students will be provided a ‘Two Meal Safety Net’ when the account reaches zero. This allows parents and guardians to provide the funds to pay the balance owed and for future meals.
- Students who have used the ‘Two Meal Safety Net’ and do not have the funds to pay for the current meal will receive a meal which consists of the required meal components. The meal will be charged to the account. The student will have their choice of the following:
  - Cold sandwich (peanut butter and jelly, sunbutter, or cheese)
  - Assorted fruits and vegetables
  - Milk, various flavors
- Any student who has a negative balance will be able to pay for a current meal when it is received.
- If payment is not submitted, contact will be made to the parent or guardian requesting payment. A meal application may also be sent home.
- Communication, by the Nutrition Services Staff and the School Administration, will continue until the account balance is paid in full.
- All negative balances must be paid off by the end of the school year.

**Middle and High Schools:**
- A complimentary breakfast is provided to all students.
- Money remaining in a student’s account at the end of the year will be carried forward to the next school year unless contacted by the parent/guardian for a refund or a child leaves the district. If a student changes buildings within OPS their meal balance will follow them.
- Students will be given a verbal reminder at the cash register when their account falls below $5.00.
- Students will be provided a ‘Two Meal Safety Net’ when the account reaches zero. This allows parents and guardians to provide the funds to pay the balance owed and for future meals.
- Students who have used the ‘Two Meal Safety Net’ and do not have the funds to pay for the current meal will receive a meal which consists of the required meal components. The meal will be charged to the account. The student will have their choice of the following:
  - Cold sandwich (peanut butter and jelly, sunbutter, or cheese)
  - Assorted fruits and vegetables
  - Milk, various flavors
- Students must have money in their account or cash to purchase extra milk or a la carte items.
- Any student who has a negative balance will be able to pay for a current meal when it is received.
- If payment is not submitted, contact will be made to the parent or guardian requesting payment. A meal application may also be sent home.
- Communication, by the Nutrition Services Staff and the School Administration, will continue until the account balance is paid in full.
- All negative balances must be paid off by the end of the school year.

**Adults:**
- Adults must have money in their account or cash to make a purchase.
- Adults will not be allowed to charge meals or a la carte items.
- Adults may check their account balance as they go through the line or contact the cafeteria manager.

**Negative Account Balances**
The school district will make reasonable efforts to notify families when the account balance is low. Additionally, reasonable efforts will be made to collect unpaid meal charges classified as delinquent debt. Communication will be coordinated to contact families to resolve the matter of unpaid charges.

**Online Meal Accounts**
To learn more about how to log in to your child’s meal account online, visit www.schoolcafe.com. You will need your child’s student ID to register.

**Smart Snacks**
All food sold to students during the school day (from 12:00 a.m. through 30 minutes after the school day) must meet the Smart Snack guidelines; e.g. the nutrition standards. The regulation applies to foods sold a la carte during breakfast and lunch, in the school store, vending machines, school offices, and fundraisers which sell...
foods that can be eaten by students during the school day. Additionally, Nebraska’s Competitive Food Rule states no food items can be sold in competition with the school meals program from thirty minutes before until thirty minutes after meal service (breakfast and lunch).

**Student ID Numbers**

Student ID numbers are confidential and must not be shared with anyone. Unauthorized use of an ID number will result in your account being charged for the food. As soon as you become aware someone is using your ID number, please notify Nutrition Services immediately.

**Student Meals**

Druid Hill, Franklin, Kennedy, King Elementary, and Lothrop are enrolled in the Community Eligibility Program and students attending only those schools will not need to complete a meal application. The federal government requires the school district to verify the information on a designated number of meal applications each year. Families will be contacted if their meal application has been selected.

- **Breakfast:**
  - Breakfast is available at no charge to all students.

- **Lunch:**
  - A variety of healthful items are available, of which, each student must choose a minimum of three items. Students must select a fruit as part of the meal.

**Student Payment Procedures**

Weekly, monthly, or semester payment amounts are encouraged. Payment by check is accepted and online payment is encouraged. At the end of every year, a student returning to Omaha Public Schools will have the remaining balance in his/her school lunch account carried over into the next year. If the student is graduating or leaving the district, upon request, the money in a school lunch account may be transferred to other accounts or, if the balance is one dollar or more, the money will automatically be refunded at the end of the school year. Please contact your school’s cafeteria manager or the Nutrition Services Office (531-299-0230) for details.

**Parent(s)/Guardian(s) Communication & Access to the Schools**

**Access to the Schools**

Parent(s)/guardian(s) are encouraged to visit their children’s schools, classrooms, assemblies, counseling sessions and other instructional activities. The district will encourage home and school cooperation by promoting clear, two-way communication with parent(s)/guardian(s) about the instructional program, and the child’s participation and progress. Special notice is routinely given to parent(s)/guardian(s) regarding open houses, parent-teacher conferences, award and recognition ceremonies, school activities, certain assemblies, student programs, and other special events.

Parent(s)/guardian(s) are also encouraged to visit their children’s classrooms and daily learning environments. Parent(s)/guardian(s) and other visitors to the schools are expected to arrange such visits in advance. All visitors need to report to the main office or designated area to sign-in and receive visitor’s badge.

Parent(s)/guardian(s) and other patrons of the district are welcome and encouraged to visit the schools. All visitors are expected to report to the main office or designated area to notify staff they are in the building or on school grounds. Visitors to the schools must respect the
learning environment and maintain proper behavior and decorum. Disruption of the orderly process of the school is prohibited. The principal or his/her designee is authorized to deny access, ban or bar future access, remove or request the removal of any visitor whose behavior is disruptive to the educational/working environment of the school. Any visitor to the schools who has been denied access or who has been asked to leave may appeal to the Office of the Superintendent.

Communication

Establishing good communication with students is a major goal of Omaha Public Schools, one which the school considers an important factor in a student’s educational success. Teachers, counselors, and principals strive to answer questions and correct misinformation by maintaining an “open door” policy with students. Parent(s)/guardian(s) are encouraged to ask questions. Parent(s)/guardian(s) are invited to seek the counsel of any of these school staff to help solve your problems. Contact your main office to be directed to the appropriate staff member.

One goal of a student’s success in school is correcting problem situations early. The way to do this is to encourage parent(s)/guardian(s) to talk with the teacher involved or to seek the advice of a counselor. Students often wait when they have difficulty in a class, thinking they will be able to help themselves without assistance. Often, however, the problem gets worse, and the student can see no answer. Parent(s)/guardian(s) are encouraged to show concern and need for help early. The teacher is there to help students succeed.

Parent(s)/guardian(s) will have the opportunity to meet their child’s teachers and discuss progress at Parent-Teacher Conferences scheduled during the school year. Also report cards will be distributed to parent(s)/guardian(s) at these conferences.

Newsletters mailed to parent(s)/guardian(s), electronic communication, and school websites are among the other means of communication with the home. The school newspaper and FM-radio station, KIOS, circulate school news. KIOS, which is 91.5 on the radio dial, is located at the Telecommunications Center, 3230 Burt Street.

Campus Parent Portal

The Omaha Public School District offers parent(s)/guardian(s) the opportunity to view their student’s grades, homework, attendance and fines/fees online. The app, Campus Parent provides anytime access via the internet from the Omaha Public Schools homepage (district.ops.org) or from the direct Campus Portal link (https://campus.ops.org/campus/portal/ops.jsp). Contact your school’s main office to gain access.

Personal Contact Changes

Address Change

If you are moving, whether it is still in the school’s attendance area or not, please report to the school’s main office to inform the school and to provide proof of address such as lease agreement or utility bill. If moving from the district, advance notice should be given to the teacher so necessary paperwork can be completed for the transfer. A couple days’ notice is required.

Email/Telephone Change

If there is a change of email and telephone contact information for parent(s)/guardian(s) or emergency contact, please notify the main office or submit the information through the Campus Parent app. This information is used to communicate with families about pertinent information.

The Omaha Public Schools (OPS) has developed and adopted policies, in consultation with parent(s)/guardian(s), regarding these rights, as well as arrangements to protect student privacy in the administration of protected information surveys and the collection, disclosure, or use of personal information for marketing, sales, or other distribution purposes. OPS will directly notify parent(s)/guardian(s) of these policies at least annually at the start of each school year and after any substantive changes. OPS will also directly notify, such as through U.S. mail or e-mail, parent(s)/guardian(s) of students who are scheduled to participate in the specific activities or surveys noted below and will provide an opportunity for the parent(s)/guardian(s) to opt their own child out of participation of the specific activity or survey. OPS will make this notification to parent(s)/guardian(s) at the beginning of the school year if the District has identified the specific or approximate dates of the activities or surveys at that time. Parent(s)/guardian(s) who believe their rights have been violated may file a complaint with: Student Privacy Policy Office, U.S. Department of Education, 400 Maryland Avenue SW, Washington, D.C. 20202-5920 or at https://studentprivacy.ed.gov/.

School Counseling

The OPS School Counseling division provides a comprehensive, strengths-based program aligned with the American School Counselor Association National Model and the Nebraska Department of Education School Counseling Model. The role of the school counselor is to address all students’ academic, career and social/emotional development by delivering a comprehensive program including classroom lessons, individual student planning and responsive services to all students from Kindergarten through 12th grade. School counselors prepare students to excel in college, career and life by instilling hope, increasing school connectedness and empowering students to achieve academic success.

Omaha Public Schools SAFE Schools Hotline –

The Omaha Public Schools offers students and families the OPS SAFE Schools Hotline for help dealing with depression, anxiety, suicidal thoughts, substance abuse, bullying, relationship issues, violence, or to report a school concern. Spanish-speaking counselors and translation services representing more than 140 languages are available.

Sexual Harassment

No individual may be discriminated against on the basis of sex in any education program or activity. Sexual harassment of students is a form of prohibited sex discrimination under the circumstances described in the Guidance. Prohibited acts of sexual harassment can take a variety of forms ranging from subtle pressure for sexual activity to physical assault. The following conduct is sexual harassment:

Hostile Environment Sexual Harassment –

Sexually harassing conduct (which can include unwelcome sexual advances, requests for sexual favors, and other verbal, nonverbal, or physical conduct of a sexual nature) by an employee, by another student, or by a third party that is sufficiently severe, persistent, or pervasive to limit a student’s ability to participate in or benefit from an education program or activity, or to create a hostile or abusive educational environment.

Quid Pro Quo Harassment – A school employee explicitly or implicitly conditions a student’s participation in an education program or activity or bases an educational decision on the student’s submission to unwelcome sexual advances, requests for sexual favors, or other verbal, nonverbal, or physical conduct of a sexual nature. Quid pro quo harassment is equally unlawful whether the student resists and suffers the threatened harm or submits and thus avoids the threatened harm.

Sexual Assault, Dating Violence, Domestic Violence, or Stalking – Any of the following may also constitute “Sexual Harassment.” Please contact the Title IX Coordinator for more information (Office of Equity and Diversity, 531-299-0307, equityanddiversity@ops.org)

- The term “sexual assault” means an offense classified as a forcible or nonforcible sex offense under the
uniform crime reporting system of the Federal Bureau of Investigation

• The term “dating violence” means violence committed by a person...
  • who is or has been in a social relationship of a romantic or intimate nature with the victim; and
  • where the existence of such a relationship shall be determined based on a consideration of the following factors:
    - The length of the relationship.
    - The type of relationship.
    - The frequency of interaction between the persons involved in the relationship.
• The term “domestic violence” includes felony or misdemeanor crimes of violence committed by a current or former spouse or intimate partner of the victim, by a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction receiving grant monies, or by any other person against an adult or youth victim who is protected from that person’s acts under the domestic or family violence laws of the jurisdiction.
• The term “stalking” means engaging in a course of conduct directed at a specific person that would cause a reasonable person to—
  • fear for his or her safety or the safety of others; or
  • suffer substantial emotional distress

Social Media Practices

The use of social media, text messaging, and gaming unless for teacher-instructed, educational use are not allowed during class time. Cell phone use is limited to passing periods and lunch time, exclusively.

Most social media platforms require children to be at least 13 years old to use. Social media use should be monitored by a parent/guardian as it is discouraged for educators and students to connect through these platforms with the exception of school-sanctioned accounts. It is important to remember that any events that occur off school property, or outside of school hours, but captured through use of social media can have school-based consequences if their implications disrupt the learning environment.

Stranger Danger

The present or potential danger to children that is presented when an unknown individual make physical, verbal, etc. contact or attempted contact with children/students. Whether there is danger or perceived danger, all efforts are taken by staff to ensure safe procedures and routines. In an event that an individual accesses school grounds without appropriate authorization or a student encounters an unsafe situation, law enforcement may be contacted.

Fees may be charged for copies of student files or records pursuant to Neb. Rev. Stat. 79-2, 104.

n. Student files and records:
Fees may be charged for copies of student files or records pursuant to Neb. Rev. Stat. 79-241, 79-605, and 79-611.

PART TWO: Procedures for the collection and expenditure of student fees

The School Board hereby establishes a Student Fee Fund. The Student Fee Fund shall be a separate School District fund not funded by tax revenue, into which all money collected from students and subject to the Student Fee Fund shall be deposited and from which money shall be expended for the purposes for which it was collected from students. Funds subject to the Student Fee Fund consist of money collected from or on behalf of students for: (1) participation in extracurricular activities, (2) post-secondary education costs and (3) summer school or night school.

PART THREE: Waiver of student fees

Required fees that are charged to students pursuant to PART ONE, subsections a and b, shall be waived for students who qualify for participation in the free or reduced-price lunch program under United States Department of Agriculture child nutrition programs. Students shall be provided forms prior to, or at the beginning of each school year, or upon initial enrollment in the District, which shall permit the District to use information the student has provided for qualification in the free or reduced-price lunch program to determine eligibility for fee waiver, and/or which shall provide the information necessary to determine whether a student qualifies for fee waiver because he or she meets the criteria for participation in the free or reduced-price lunch program. Students who qualify for free or reduced-price lunches shall be provided a fee waiver or be provided the necessary materials or equipment without charge for: (1) participation in extracurricular activities and (2) use of a musical instrument in optional music courses that are not extracurricular activities. Students or their parent(s)/guardian(s) may request a fee waiver prior to participating in or attending the activity, and prior to the purchase of the materials, and the fee waiver must be submitted prior to the time the fee is due or the time the specialized equipment or attire is needed.
Student Unpaid Obligations

Students are required to assume the financial responsibility for their actions. This may include, but not necessarily be limited to obligations for: (a) the loss or damage to school owned supplies and/or equipment; (b) fines resulting from the late return of library books; and (c) any other fines/fees as permitted under state statutes. A fee will be assessed for returned checks ($20.00) and refund requests ($5.00).

Those students who fail to meet their obligations outlined above or others as indicated in the student handbook will be subject to the following restrictions until such time as the financial obligations are met:
1. The student, nor his/her parent(s) or legal guardian(s) shall receive an official transcript. An official transcript will only be issued to a school to which the student transfers. The student and his/her parent(s) or legal guardian(s) may review the student’s permanent record by following the established practices and procedures.
2. The student’s name may not appear on the school’s honor roll and the student may not receive any other academic recognition provided through the school.
3. The student may be ineligible to participate in any activity or on any team that represents the school.
4. The student may be ineligible to receive any awards.
5. The student, upon becoming eligible for graduation, will not receive a diploma.

Upon payment of all outstanding debts, the student will be eligible to receive any or all of the above at a time and in a manner designated by the school officials.

Student Records

Any person other than the student, his/her parent(s), guardian(s), teachers, counselors, or school officials, may gain access to the student’s records by presenting the original copy of a release of information statement signed by the parent(s)/guardian(s) or student if over 18) stating specific items to be released and to whom the information is to be given. Records are also released to other educational institutions as provided for in the Family Educational Rights and Privacy Act (FERPA) without prior parental or student consent. FERPA affords parent(s)/guardian(s) and students 18 years of age or older (“eligible students”) certain rights with respect to the student’s education records. These rights are:
1. The right to inspect and review the student’s education records within 45 days of the day the School District receives a request for access. (By action of the School Board the number of days for the school to act has been shortened to 10.) Parent(s)/guardian(s) or eligible students should submit to the school principal a written request that identifies the record(s) they wish to inspect. The principal will arrange for access and notify the parent or eligible student of the time and place where the records may be inspected.
2. The right to request the amendment of the student’s education records that the parent(s)/guardian(s) or eligible student believes are inaccurate or misleading. Parent(s)/guardian(s) or eligible students may ask the School District to amend a record that they believe is inaccurate or misleading. They should write the school principal or the Student Information Services Office (3215 Cuming St. Omaha, NE 68131-2024) or at sis@ops.org, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the School District decides not to amend the record as requested by the parent(s)/guardian(s) or eligible student, the School District will notify the parent(s)/guardian(s) or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent(s)/guardian(s) or eligible student when notified of the right to a hearing.
3. The right to consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent. One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the School District as an administrator, supervisor, instructor, or support staff member; a person serving on the School Board; a person or company with whom the School District has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent/guardian or student serving on an official committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the School District discloses education records without consent to officials of another school district or school in which a student seeks or intends to enroll. Upon request, the School District also discloses education records of former students, without consent to officials of another school district or school in which the former student is then enrolled.
4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the School District to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Students Responsibilities and Rights

A student’s basic responsibility in school is to act in a manner that enhances their own and other’s opportunity to learn. A student does not have a right to engage in conduct or actions that would materially and substantially interfere with the requirements of appropriate discipline in the operation of a school.

Textbooks/Library Books

Textbooks are supplied by the Omaha Public Schools. Books must be returned in good condition when checked in to the teacher. It is the responsibility of the family to pay for any loss and/or damaged books.

Volunteers

If there is interest assisting school personnel in the operations of the school; i.e. library work, aiding classroom teachers, tutors, reading to students, cafeteria, etc., contact the main office at the school. The principal will then follow the Volunteer Process through Human Resources. District volunteer forms (which include a background check component) are utilized at all schools for any individual (parent(s)/guardian(s), relative, or otherwise) wishing to volunteer or provide any type of support that would bring them in contact with students.

Withdrawal from School

Pursuant to Neb. Rev. Stat. 79-202, a person who has legal or actual charge or control of a child who is at least sixteen years of age but less than eighteen years of age may withdraw such child from school before graduation and be exempt from the mandatory attendance requirements of section 79-202 79-201 if an exit interview is conducted and the withdrawal form is signed and filed with the Commissioner of Education.

To begin the withdrawal process, the person with legal or actual charge or control of a child who is at least sixteen years of age but less than eighteen years of age submits a request to the school where the student is enrolled.

The principal or his/her designee (School Support Liaison, Administrator and/or School Counselor), will schedule the exit interview which shall be personally attended by: (a) the child, unless the withdrawal is being requested due to an illness of the child making attendance at the exit interview impossible or impracticable; (b) the person who has legal or actual charge or control of the child who requested the exit interview; (c) the child’s principal or the principal’s designee (School Counselor) if the child at the time of the exit interview is enrolled in a school operated by the school district; (d) the superintendent designee (School Support Liaison) and (e) any other person requested by any of the required parties.

During the exit interview, the person making the written request shall present evidence that (a) the person has legal or actual charge or control of the child and (b) the child would be withdrawing due to either (i) financial hardships requiring the child to be employed to support the child’s family or one or more dependents of the child or (ii) an illness of the child making attendance impossible or impracticable.

During the exit interview, the School Counselor will identify all known alternative educational opportunities, including vocational courses of study, that are available to the child in the school district and how withdrawing from school is likely to reduce potential future earnings for the child and increase the likelihood of the child being unemployed in the future. Any other relevant information may be presented and discussed by any of the parties in attendance.

At the conclusion of the exit interview, the person making the written request may either sign the withdrawal form provided by the school district or may rescind the written request for the withdrawal. The principal or his/her designee will complete the Nebraska Withdrawal From Mandatory Attendance Form found at: https://cdn.education.ne.gov/wp-content/uploads/2019/08/NebraskaWithdrawalFromMandatoryAttendanceForm10-005.pdf

All information must first be inputted into the form and then printed off to be signed. The withdrawal form signed by the person making the written request is valid only if (i) the child signs the form unless the withdrawal is being requested due to an illness of the child making attendance at the exit interview impossible or impracticable and (ii) the Principal or the Principal’s designee signs the form acknowledging that the interview was held, the required information was provided and discussed at the interview, and, in the opinion of Principal or the Principal’s designee, the person making the written request does in fact have legal or actual charge or control of the child and the child is experiencing either financial hardships requiring the child to be employed to support the child’s family or one or more dependents of the child or an illness making attendance impossible or impracticable. The signed withdrawal form is forwarded to the Student Information Services office to be entered into the data management system and reported to the Department of Education.

Students who have withdrawn may re-enter school the following semester by contacting the last school attended, or the Student Placement office at 531-299-0302. Contact should be made prior to the start of the semester.

STUDENT CODE OF CONDUCT

The Board of Education believes school is an appropriate setting for all children and youth. The Student Code of Conduct is designed to support this concept by developing, through reasonable and consistent practices, appropriate student behavior patterns. Those behaviors and disciplinary actions set forth in the Code are designed to serve as learning experiences for students.

The Student Code of Conduct includes those behaviors having disciplinary actions and/or intervention strategies that shall be carried out by the school building administrators. The Code applies to conduct on school grounds, in a vehicle owned, leased or contracted by a school or the district being used for a school purpose or in a vehicle being driven for a school purpose by a school employee or his or her designee or at a school-sponsored activity or athletic event.

Compliance with the Student Code of Conduct is expected of all students. This Student Code of Conduct applies to all students attending the Omaha Public Schools. School administrators will consider student age and grade level among other factors when assigning disciplinary actions.
The Student Code of Conduct was last amended and readopted by the Board of Education on May 20, 2019
Early Childhood Practices

One of the purposes of early childhood education is to assist students in developing appropriate social-emotional skills. For many students, this may be their first experience in a structured setting and they may need greater support in meeting social-emotional expectations. What may be perceived as inappropriate behavioral choices may be a deficit in executive functioning and self-regulation or could be due to toxic stress or an unmet need (ex. hunger, sleep, feelings of safety and security). Young children need to practice, be taught and then practice self-regulation to develop memory, attention and self-control in environments where adults scaffold the child’s practice of these skills. Social skill development must be embedded throughout the daily routine and throughout the entire school year to ensure generalization. The focus is on developing appropriate skills rather than punishing for inappropriate behaviors.

Early Childhood student interventions aim to teach alternative behavior, so students can learn and demonstrate safe, respectful and responsible behavior. Staff members are encouraged to try a variety of teaching and classroom management strategies which may include, but are not limited to:

- Collaborate with the student’s family to discuss student strengths and strategies that are successful in the home environment and develop a communication system between home and school.
- Create and maintain stable relationships among students and staff.
- Develop social connections through play.
- Establish routines and predictability using visual schedules.
- Consistently use visual supports and modeling to teach social skills.
- Teach students how to cope with stress and self-regulate when they are overwhelmed.
- Teach students the appropriate language to meet their needs.
- Use positive language in a calm tone when redirecting students so they know what is expected (ex. “please walk” rather than “don’t run”).
- Consistently reinforce the positive behaviors of the student, which will reduce the negative behaviors displayed.
- Consider sensory needs and strategies (ex. fidget toys, alternative seating, options for quiet areas in the classroom, etc.).
- Implement reinforcement systems for individual students or for the entire class.
- Collaborate with early childhood support staff, including Special Education, regarding strategies.
- Consult the building school psychologist for additional support.
- Schedule a SAT/IEP meeting to address concerns and strategies.
- Contact Kid Squad for classroom support and/or family support.
- Consider the MANDT Crisis Cycle for additional student support.
- Develop a behavior plan.
The Student Code of Conduct was last amended and readopted by the Board of Education on May 20, 2019.

**Level 1 Interventions & Responses**

This list of interventions is not intended to be exhaustive, nor will every OPS school have access to each intervention listed. School staff will seek to implement the intervention(s) that seem to most effectively support positive behavior for the specific student under the specific circumstances.

- Level 1 interventions aim to teach alternative behavior so students can learn and demonstrate safe, respectful and responsible behavior. Staff members are encouraged to try a variety of teaching and classroom management strategies which may include, but are not limited to:
  - Parent(s)/guardian(s) conference or contact made

  - Implementation of classroom Multi-Tiered Systems Support for Behavior (MTSSB):
    - Expectations established and taught
    - Positive rapport/relationship
    - Re-teaching, prompting, feedback
    - Effective classroom supervision

### Leveled Interventions and Responses

| Level 1 interventions aim to teach alternative behavior so students can learn and demonstrate safe, respectful and responsible behavior. Staff are encouraged to try a variety of teaching and classroom management strategies. | Level 2 interventions often involve support staff, both school-based and within the community, and/or the administrator. These interventions aim to increase the student’s skills, positive view of schooling, and positive experience at school so that misbehavior is less likely to continue or escalate. |
| Level 3 violations may involve the short-term removal of a student from the school environment due to the severity of the behavior. The duration of the short-term suspension, if issued, is to be limited as much as possible while adequately addressing the behavior. In the case of repeated need for short-term suspension, an assistance plan (Behavior Intervention Plan, Student Assistance Plan) should be developed. | Level 4 violations have the potential to significantly impact the safety of the school environment. These violations may result in the removal of a student from the school environment due to the severity of the behavior. Such violations may involve the reassignment of a student to another school or to an alternative program that will provide additional structure to teach appropriate behavior. |

Level 2 interventions often involve the family, support staff, both school-based and within the community, and/or the administrator. These interventions aim to increase the student's skills, positive view of schooling, and positive experiences at school so that misbehavior is less likely to continue or escalate.

Short-term suspension may be applied due to the severity or chronic nature of an individual behavior. In cases of multiple suspensions, an assistance plan such as a Behavior Intervention Plan (BIP) or a Student Assistance Team (SAT) should be developed.

Interventions for Level 2 Violations may include, but are not limited to:
- Level 1 Interventions
- Parent(s)/guardian(s) collaboration (a parent(s)/guardian(s) meeting is a mandatory element of response to chronic Level 2 misbehavior)
- School or Community Counselor support
- Change in schedule or class
- House Call
- Behavior Interventionist support
- Consultation with School Psychologist
- Gang Interventionist
- Social Worker
- Mentoring
- Peer mediation
- Referral to School-based Health Centers
- After-school program
- Service to School/Service to Community
- Conflict resolution
- Restorative Practices
- Loss of school privileges
- Temporary removal from the bus
- Revision of Individual Educational Plan (IEP)/504 Plan
- Referral to community agency
- Late School
- Saturday School
- School Transition Program
- Student Success Center (SSC)/ Positive Action Center (PAC)

Level 1 interventions aim to teach alternative behavior so students can learn and demonstrate safe, respectful and responsible behavior. Staff are encouraged to try a variety of teaching and classroom management strategies.

Level 3 violations may involve the short-term removal of a student from the school environment due to the severity of the behavior. The duration of the short-term suspension, if issued, is to be limited as much as possible while adequately addressing the behavior. In the case of repeated need for short-term suspension, an assistance plan (Behavior Intervention Plan, Student Assistance Plan) should be developed.

Level 4 violations have the potential to significantly impact the safety of the school environment. These violations may result in the removal of a student from the school environment due to the severity of the behavior. Such violations may involve the reassignment of a student to another school or to an alternative program that will provide additional structure to teach appropriate behavior.

Level 3 Interventions & Responses

This list of interventions is not intended to be exhaustive, nor will every OPS school have access to each intervention listed. School staff will seek to implement the intervention(s) that seem to most effectively support positive behavior for the specific student under the specific circumstances.

Level 3 violations may involve the short-term removal of a student from the school environment due to the severity of the behavior. The duration of the short-term suspension, if issued, is to be limited as much as possible while adequately addressing the behavior. In the case of repeated need for short-term suspension, an assistance plan (Behavior Intervention Plan, Student Assistance Team) should be developed.

Interventions for Level 3 Violations may include, but not limited to:
- Interventions from all previous levels
- Parent(s)/guardian(s) collaboration [parent(s)/guardian(s) meeting may be required upon re-entry from a suspension]
- Plan of assistance (Behavior Intervention Plan, Student Assistance Team)
- Substance abuse screening
- Consult with Behavior Interventionist
- Credit recovery program
- Restitution
- Restorative Practices strategies, including school and community service
- Communication with law enforcement (as needed)

Suspension Guidelines for Grades K-6

Suspension discipline practices should be avoided whenever possible when working with students in Early Childhood programs and Kindergarten.

If an elementary student must be removed from the school environment, the following short-term suspension guidelines are recommended (per event):

1st and 2nd Grade: 2 day maximum
3rd and 4th Grade: 3 day maximum
5th and 6th Grade: 4 day maximum

There may be circumstances when it is necessary and appropriate to exceed these guidelines. Final decisions regarding length of suspension will be made by the Elementary Principal. For students in grades K-6, expulsion will not be a consequence for a violation of the Student Code of Conduct except in cases of knowingly and intentionally possessing a firearm.

The Student Code of Conduct was last amended and readopted by the Board of Education on May 20, 2019.

Level 4 violations have the potential to significantly impact the safety of the school environment. These violations may result in the removal of a student from the school environment due to the severity of the behavior. Such violations may involve the reassignment of a student to another school or to an alternative program that will provide additional structure to teach appropriate behavior. These interventions focus on maintaining the safety of the school community and correcting self-destructive and dangerous behavior.

Long-term suspension may be applied when it is feasible to reintegrate the student back into the school environment. Reassignment may be applied when chronic misbehaviors are present and school staff have documented efforts to intervene and support acceptable behavior. Expulsion may be applied when the student’s presence at school is deemed too dangerous or disruptive for staff to maintain a safe and positive climate.

Upon return to a traditional school setting after a reassignment or expulsion, the school staff will establish a plan of support (i.e. a SAT plan) for the student’s ongoing success at school.

Interventions for Level 4 Violations may include, but not limited to:

- Interventions from all previous levels
- Parent(s)/guardian(s) notification
- Long-Term Suspension or Reassignment
- Expulsion
  - For student in grades K-6, expulsion will not be a consequence for a violation of the Student Code of Conduct except in cases of knowingly and intentionally possessing a firearm.
- Referral to IEP team (students with disabilities) for manifestation determination
- Alternative educational placement
  - High School (grades 9-12)
  - Middle School (grades 6-8)
- Communication with law enforcement (as needed)

**Leveled Interventions and Responses**

**Level 1**

Interventions aim to teach alternative behavior so students can learn and demonstrate safe, respectful and responsible behavior. Staff are encouraged to try a variety of teaching and classroom management strategies.

**Level 2**

Interventions often involve support staff, both school-based and within the community, and/or the administrator. These interventions aim to increase the student’s skills, positive view of schooling, and positive experience at school so that misbehavior is less likely to continue or escalate.

**Level 3**

Violations may involve the short-term removal of a student from the school environment due to the severity of the behavior. The duration of the short-term suspension, if issued, is to be limited as much as possible while adequately addressing the behavior. In the case of repeated need for short-term suspension, an assistance plan (Behavior Intervention Plan, Student Assistance Plan) should be developed.

**Level 4**

Violations have the potential to significantly impact the safety of the school environment. These violations may result in the removal of a student from the school environment due to the severity of the behavior. Such violations may involve the reassignment of a student to another school or to an alternative program that will provide additional structure to teach appropriate behavior.

Repeated Violations
Concerning a violation at any level, it may be relevant that the student has committed the same, or similar, violation multiple times during the same school year. In such a case, Repeated Violations may be added as a secondary violation. Repeated Violations will not be used as a primary violation or alone. There may be instances of repeated violations that warrant a higher level of response than indicated in this Code.

A note regarding level of response:
When determining the level of response to a violation of the Student Code of Conduct, school staff will consider the age of the student, the student’s intent, the severity of the circumstances, the level of disruption to the school environment (either during or after the violation), the repeated nature of the situation (if applicable), and any other mitigating or aggravating factors. School response will not necessarily begin at the lowest level indicated for a first offense and may result in a higher resolution than that which is noted in the level of interventions and responses.
Glossary

Level 2 Violations

Absence or Tardiness, Excessive

Absences: The District may report to the county attorney when the school has documented that efforts, as required by the collaborative plan, have not been successful in improving regular attendance, and the child has been absent more than twenty days per year. The school shall also provide notice to the parent(s)/guardian(s) prior to the referral to the county attorney. A referral cannot be made to the county attorney’s office until at least 20 days of absence are accrued; however the school may involve the county attorney at any point in the process of addressing the student’s absences. For additional information see the “Student Attendance Policy.”

Tardies: Students who report to class after class has started or leave school before the end of the school day will have the total time missed calculated and will become an absence when it is equal to the length of the school day. Repeated tardiness will be reported to the parent(s)/guardian(s).

Bus Misconduct
Any offense committed by a student on a district owned, leased or contracted bus being used for a school purpose shall have the same level of Intervention or Response in the same manner as if the offense had been committed at the student’s assigned school; this will include activity on the bus which is unsafe and refusal to follow directions of the driver or aide. Also see “Behavior Rules for Students Receiving District-Provided Transportation” on page 24.

Careless Driving
Driving on school grounds carelessly or without due caution so as to endanger a person or property.
Fighting, Less Serious
Mutual physical combat that does not result in injury or a substantial disruption to the school environment, other than the disruption of the fight itself; any fight, whether more serious or less serious, may be punished more severely if the students who are fighting do not stop fighting when a school employee orders them to stop.

Mislse of Computers, Digital Devices, or Network
The use of computers or digital devices, whether stand-alone or as a part of a local area network, or as part of a wide area network such as the Internet, is a privilege, not a right, and must be consistent with and driven by the educational objectives of the Omaha Public Schools. Any use that is inconsistent with these objectives is prohibited.

Computers and all associated networks, communication facilities, data storage and transfer devices, printers, scanners, peripherals, and other associated equipment or facilities (referred to as “computing facilities”) are owned by the school district. The school district exercises exclusive control over this school property, and students should not expect privacy regarding their use of any computing facilities because school district property is subject to search and inspection at any time by school officials. This search and inspection includes but is not limited to electronic mail, Internet access, network access, file storage and transfer, and any personal computing, communication, and data storage devices used in conjunction with the computing facilities. If the device is participating on the district network, it will fall under the acceptable use policy as well as the BYOD (Bring Your Own Device) guidelines defined by BYOD schools. Students are responsible for the use of computing facilities made by or through their account, regardless whether at school or at home. Students are responsible for whatever is contained in computer files assigned to them.

Students using computing facilities to access the Internet, an international computer network, are able to access computers and people all over the world. Sites exist on the Internet that contain illegal, indecent, defamatory, inaccurate, or offensive material. The Omaha Public Schools does not condone students’ access to unsuitable materials, and it maintains software designed to restrict student access to such materials. The Omaha Public Schools also recognizes that it cannot control the information on other computer systems and that it may not be physically possible to screen out all such inappropriate information and materials. All student Internet activities are subject to being monitored.

It is the primary responsibility of the parent(s)/guardian(s) to establish and convey the standards that their student should follow. In support of parent(s)/guardian(s) the Omaha Public Schools will enforce the minimum appropriate computer use standards set out below. If a student uses a computer or the Internet inappropriately, he or she will be subject to the disciplinary actions previously stated.

Inappropriate use of computing facilities shall be defined as:

- The creation, display, access, transmission, reception, exchange or distribution of any text, image or sound that is indecent, obscene, racist, sexist, pervasively vulgar, defamatory, illegal, or that promotes harm to self or others.
- Using computing facilities to harass or threaten individuals or groups.
- Vandalizing computing facilities. This includes any attempt to alter or destroy data of another or to endanger the integrity of a computer or computer network or the data stored thereon (including the introduction of any virus, time bomb, trojan horse or the like), any deletion of or alteration to system files or data, and damaging equipment. The unauthorized examination or copying of files or data belonging to others is also defined as vandalism. Violating copyright law. This includes using unauthorized copies of software, music, photographs, movies or any other audiovisual or multimedia work and making, transmitting, receiving, exchanging and/or distributing such unauthorized copies. Violating copyright laws will be considered theft.
- Plagiarizing computer-based copyrighted materials in reports and assignments is also defined as inappropriate use.
- Gaining or attempting to “hack” or otherwise gain unauthorized access to computers, computer networks, or computer files or data. This includes, but is not limited to, exceeding the authority granted or attempting to evade security restrictions or software designed to prevent or monitor inappropriate access to the Internet or networks.
- Forgery or indifference with electronic mail messages. This includes impersonation of another person while sending electronic messages, using a false or anonymous name, age, gender or identifier, and the reading, deleting, copying or modifying of any other person’s electronic messages.
- Using computers or computer networks to commit, facilitate, encourage or promote illegal acts.
- Using computers or computer networks to commit, facilitate, encourage or promote the unauthorized or fraudulent use of a credit card.
- Using computers or computer networks for a non-educational purpose, such as advertising, games, or commercial purposes, unless driven by learning objectives/educational objectives, etc. by the Omaha Public Schools.
- Giving a personal password to another individual or letting another individual use a personal account.
- Knowingly introducing materials forbidden by the Omaha Public Schools into the Omaha Public Schools computers and/or systems via any electronic storage media. This is defined as indecent, obscene, racist, sexist, pervasively vulgar, defamatory, offensive, or illegal material, or materials promoting harm to self or others.

Possession of Obscene or Pornographic Literature, Materials, or Electronic Images
Students are prohibited from possessing pornographic or obscene books, magazines, pictures or material of any kind. The taking, disseminating, transferring, or sharing of obscene, pornographic, lewd, or otherwise illegal images or photographs, whether by electronic data transfer or otherwise (commonly called texting, sexting, emailing, etc.) may
The Student Code of Conduct was last amended and readopted by the Board of Education on May 20, 2019

constitute a crime under state and/or federal law. Any person taking, disseminating, transferring, or sharing obscene, pornographic, lewd, or otherwise illegal images or photographs will be subject to the disciplinary procedures of the school district, and reported to law enforcement and/or other appropriate state or federal agencies, which may result in arrest, criminal prosecution, and lifetime inclusion on sexual offender registries.

Reckless Behavior
Recklessness involves the creation of an unjustifiable risk of harm to others and a conscious (and sometimes deliberate) disregard for or indifference to that risk, resulting in substantial disruption.

Reckless Behavior Resulting in Personal Injury
Recklessness involves the creation of an unjustifiable risk of harm to others and a conscious (and sometimes deliberate) disregard for or indifference to that risk resulting in personal injury. The term personal injury shall mean physical pain, illness, or any impairment of physical condition.

Refusal to Cooperate with School Administrative Staff
A student, who has already been sent to the office for misbehavior, continues to fail to comply with directions from staff.

To include students found to be in use of tobacco or a product that may be used to distribute tobacco or the chemical nicotine while in the school building, or on school grounds or at school activities; the use of tobacco by students in the school or on school grounds or at school activities is forbidden. This practice is in accordance with state and city statutes that forbid minors to purchase and use tobacco and in accordance with directives from the Fire Department.

Unauthorized Use of Camera, Video Device, Personal Device that Attaches to School/District Network, Cell Phone or Recording Device
Student use of cameras/video devices without consent from school staff is prohibited. The school accepts no responsibility for personal cellular telephones, and personal electronic communication devices present on campus. Refer to section: CELL PHONE/PORTABLE DEVICE GUIDELINES FOR STUDENTS.

Verbal or Written Abuse to Staff, Nonthreatening
Language or behavior that is disrespectful to a staff member

Vulgarity/Profanity
Written or oral language that is disgusting and/or repulsive, but does not constitute harassment.

Youth Gang Apparel and Behaviors
For the safety and welfare of students and the continued maintenance of a positive and secure learning environment the following rules relative to youth gang apparel, possessions and behaviors apply to all students on school grounds or at school activities:

- Dress as identified by the Omaha Public Schools as gang related apparel is not allowed. Any item worn or carried to identify a person as a gang member is not allowed.
- Writing gang graffiti, possessing items containing gang graffiti, or the display of gang hand signs are an indication of gang involvement and are not allowed.

Level 3 Violations

Assault, No Injury
Knowingly and intentionally using force and/or attempting to cause injury to school staff, volunteer, other person, or student; intentionally placing this person in reasonable apprehension of imminent personal injury. A student’s intent may be inferred from the words and acts of the student.

Bullying
Any intentional ongoing pattern of written or verbal expression, electronic abuse, physical acts, or gestures intended to cause distress/harm upon one or more students and includes an imbalance of power; see the OPS Due Process/School Support Handbook for Reporting and Intervention Procedures, Best Practices, and information regarding Nebraska Revised Statute 79-267 (72-2, 137). Bullying on the basis of disability, gender, race, color, national origin, gender identity, sexual orientation, age, religion, or marital status constitutes a violation of the Board’s policies prohibiting unlawful discrimination or harassment.

Bullying Prevention Policy No. 5415
One of the guiding principles of the Omaha Public Schools is safe, healthy, and engaged students. The administration and staff are to implement strategies and practices to reinforce and support a positive school culture. This will encourage students to engage in positive behaviors including: empathy, cooperation, teamwork, problem solving and self-control. The administration and staff are to implement strategies and practices to identify and prevent inappropriate behaviors by all students, including bullying prevention education for all students. Inappropriate behaviors include bullying, intimidation, and harassment. Bullying means any ongoing pattern of physical, verbal, or electronic abuse on school grounds, in a
vehicle owned, leased, or contracted by the school being used for a school purpose by a school employee or designee, or at school sponsored activities or school-sponsored athletic events.

The school district shall review the bullying prevention policy annually.

Forms of Bullying

- Physical Bullying – Hitting, kicking, hair pulling, pushing, or any physical aggression.
- Verbal Bullying – Teasing, name calling, put-downs, or other behavior that would deliberately hurt others’ feelings.
- Sexual Bullying – Any bullying behavior, whether physical or non-physical, that is based on a person’s sexuality or gender or gender identity.
- Emotional or Exclusion Bullying – Starting rumors, telling others not to be friends with someone, eye rolling, or other actions that would cause someone to be without friends or intentionally left out.
- Cyber-bullying – Using electronic devices such as computers, cell phones, and pagers to bully others through methods such as posting comments, statements, or pictures on blogs or websites, text messaging, instant messaging, and email.

Rationale

The Nebraska State Legislature finds and declares that:
(a) Bullying disrupts a school’s ability to educate students; and
(b) Bullying threatens public safety by creating an atmosphere in which such behavior can escalate into violence.

On or before July 1, 2009, each school district shall develop and adopt a policy concerning bullying prevention and education for all students. The school district shall review this policy annually.

Damage to School, Staff, or Student Property

Willfully or recklessly causing or attempting to cause damage. Any student who willfully causes or assists in causing damage or attempts to cause damage in any way to any property, real or personal, is subject to disciplinary action. The parent(s)/guardian(s) shall also be liable to the School District for all property belonging to the School District, loaned to the student, which is returned to the District in damaged condition. Restitution may be required.

Drugs, Possession or Under the Influence

Drugs, alcoholic beverages, controlled or imitation controlled substances, or other mood-altering chemicals.

Possession includes any knowing and voluntary having, taking, receiving or handling of drugs, alcoholic beverages or controlled/imitation controlled substances.

A student is considered to be under the influence when there is evidence the student has consumed an alcoholic beverage or a controlled/imitation controlled substance and there is an impairment of the student’s ability to think and act correctly and efficiently.

Evidence of consumption may include the odor of alcohol on the student’s breath, the odor of marijuana on the student’s breath or person, other physical signs of consumption or the testimony of reliable witnesses that the student did consume alcohol or a controlled/imitation controlled substance prior to coming on to school grounds or on to a vehicle owned, leased or contracted by a school or the district being used for a school purpose or into a vehicle being driven for a school purpose by a school employee or by his or her designee or attending a school sponsored activity or athletic event.

Evidence of impairment of a student’s ability to think and act correctly and efficiently may include rapid mood swings, vomiting, slurring of words, lack of motor control and balance, glassy eyes and difficulty in orienting to time and place.

BEHAVIOR RULES FOR CONDUCT OFF SCHOOL GROUNDS, NOT AT A SCHOOL FUNCTION – Policy No. 5103

It is the belief of the Omaha Public Schools that it is important to support the total student. Expectations for our students go beyond the school day and into the community. We believe that part of learning is accepting responsibility for one’s actions. Thus, the school district is extending its authority to hours and places beyond the regularly perceived boundaries when conduct off school grounds causes substantial disruption to the school environment. Our intent is to support all students in their decision-making and their development into responsible adult citizens while serving as a deterrent to certain unlawful behaviors. Students engaged in inappropriate conduct off school grounds may be disciplined as provided for in the rules governing participation in co-curricular activities.

Disciplinary Action

Any student engaging in behaviors off school grounds that substantially disrupt the school environment and that violate the Student Code of Conduct may be subject to:
The Student Code of Conduct was last amended and readopted by the Board of Education on May 20, 2019

A. Emergency exclusion if the student’s conduct presents a clear threat to the physical safety of himself, herself, or others, or is so extremely disruptive as to make temporary removal necessary to preserve the rights of other students to pursue an education;

B. Suspension by the principal for up to five (5) school days; and/or

C. Participation in and successful completion of a district substance use screening by a qualified community provider or community counselor at the discretion of District/school administration.

BEHAVIOR RULES FOR PARTICIPANTS IN CO-CURRICULAR ACTIVITIES AND ATHLETICS – Policy No. 5103

Students who participate in extracurricular activities are deemed to be held to a higher standard when it comes to representing their respective schools – both on- and off-campus. It is therefore critical for those students to always be mindful of their behavior, and how it reflects on their schools. A substantial disruption to the school environment is not required in order to be suspended from participation in co-curricular music/sports/club.

In addition to any other discipline imposed for violations of the Student Code of Conduct or for violations of the behavioral rules for conduct off school grounds, not at a school function, any student participating in any co-curricular music/sports/club at the time the student commits the violation will be subject to suspension from participation in said activity or activities as described below. The sanction shall be implemented upon confirmation and notice to the student by the school administration, and the sanction applies to all activities, public or private, that occur on school property or at a school function. In addition, the teacher/coach/sponsor may impose other sanctions as permitted and described pursuant to “Rules Regarding Other Conduct” in the Student Code of Conduct.

First Offense: 15 Activity Days upon confirmation and notice to the student
Second Offense: 90 Activity Days upon confirmation and notice to the student
Third Offense: 180 Activity Days upon confirmation and notice to the student

School Building Administrators will:

Take action based upon first-hand information. This may include contact with witnesses to the student’s prohibited conduct. Prior to any decision, the administrator must confer with the student to inform the student of the charge and the available information, give the student an opportunity to tell the student’s version of the incident, weigh the evidence as to the offense, make a decision whether the student engaged in the prohibited conduct, and then inform the student of the decision.

The administrator will contact the parent(s)/guardian(s) in writing of the decision on the student’s conduct. The administrator is required to report the decision to Student and Community Services.

Appeal Process

A. Any student suspended from participation in co-curricular and athletic activities may appeal the suspension to the Student and Community Services/Hearing Officer. Any such appeal must be in writing and must be received by the Administrator’s Office within seven (7) calendar days of receipt of the written notice of suspension.

B. If the student disagrees with the decision of the Student and Community Services/Hearing Officer, he or she may appeal the decision to the Supervisor of the Student and Community Services. Any such appeal must also be in writing and must be received by the Supervisor of the Student and Community Services within seven (7) calendar days of receipt of the written notice of the Administrator/Hearing Officer’s decision.

Rules Regarding Other Conduct

Individual coaches, activity sponsors, or staff responsible for an activity may impose participation restrictions or eligibility restrictions for participation in co-curricular activities on students for behavior other than those listed previously provided:

A. Students and parent(s)/guardian(s) have first been advised of the participation/eligibility rules and the types of misbehavior that would cause a student to become subject to such participation and/or eligibility restrictions.

B. Restrictions and/or ineligibility are imposed only after the coach, activity sponsor or responsible staff has:
   1. investigated the alleged misbehavior;
   2. given the student written or oral notice of the charges against the student;
   3. explained the evidence against the student; and
   4. given the student a chance to tell his or her version of what happened.
   5. The coach, activity sponsor or responsible staff has decided the student, in fact, violated the participation and/or eligibility rules.

The student has the right to appeal the individual coach’s, activity sponsor’s or responsible staff’s decision, as specified above, to the school principal.
BEHAVIOR RULES FOR STUDENTS RECEIVING
DISTRICT-PROVIDED TRANSPORTATION

BEHAVIOR RULES FOR STUDENTS RECEIVING
DISTRICT-PROVIDED TRANSPORTATION

The school bus is considered an extension of the school. Any behavior violation committed by a student on a district-owned, leased or contracted bus being used for a school purpose shall have the same level of Intervention and Response in the same manner as if the violation had been committed at the student’s assigned school; this will include any referral or activity on the bus which is considered unsafe and/or refusal to follow directions of the driver, OPS staff or aide. The Student Code of Conduct will be applied to referrals for behaviors on the bus.

In addition, it is expected that students adhere to the following Safety Guidelines for Transportation:

- The driver is in full charge of the bus and students. Please show respect and follow directions of the driver and/or staff.
- Only assigned students are eligible to ride their assigned bus.
- Wait until the driver instructs you to get on or off the bus.
- Board the bus in an orderly manner.
- Sit facing forward, keeping the aisle clear.
- If students are required to wear safety restraints, the bus will not move until the restraints are properly fastened.

If required, students who refuse to wear safety restraints, may be subject to Intervention and Response, including removal from the bus.

- Remain seated until the driver directs you to unload.
- Do not extend your arms or head outside the bus window.
- Do not throw any items out of the bus window.
- Keep your voices at a quiet level, so to not distract the bus driver.
- Eating, drinking and smoking are not permitted on school buses.
- The school district is not responsible for items left on the bus.
- Be on time to your bus.

Violation of Safety Guidelines for Transportation may result in any of the following resolutions:

- Structured entry on the bus
- Bus safety training review
- Assigned seating while on the bus
- Student conference with administration
- Parent(s)/guardian(s) conference with student and administration
- Temporary removal from the bus (1-5 days)*
- For continued bus misconduct, a student may be suspended from the bus for 6-19 days*

*If a student is temporarily removed from the bus, it is the responsibility of the parent(s)/guardian(s) to transport the student to and from school.

Repeated violation of Safety Guidelines for Transportation may result in the loss of the bus transportation privilege.

BOOK BAGS

Middle School
To ensure the safety and security of staff, students, and visitors at middle school buildings, the following items are banned from use by students in middle schools: book bags, totes, backpacks, duffel bags, briefcases, luggage or storage containers used to carry items. These items can be brought to school, but are no longer allowed to be carried from class to class, and must be stored in lockers during the school day. All lockers and their contents are subject to random searches by school staff without prior notification to students. This does not include district provided carriers for district owned electronic devices.

High School
Students may carry book bags, backpacks, and similar items to transport books, supplies, and other belongings. Bags are subject to inspection, and the student is responsible for all contents.

DRESS AND PERSONAL APPEARANCE

Your personal appearance is basically a concern of you and your parent(s)/guardian(s). However, the administration of a school has the responsibility to help students develop good taste in manners of dress and appearance. The development of good judgment in personal appearance should be a cooperative effort between the school and the home.

The following general statements apply to all students.

1. The nature of your appearance should contribute to a positive learning environment.
2. Interpretation of the rights of a minority of the student body should not be such that it negatively influences the general image of the student body or that of the school.
3. Appropriate dress for some activities and learning situations are not necessarily appropriate for others. The health and safety of the individual will not be jeopardized in favor of the students personal preference as to appearance and attire.
4. Shoes and shirts are essential for proper attire. Hats and hair in curlers are not considered proper attire.
5. Printed wording or pictures on clothing that advertise or promote alcohol or drugs or carry derogatory connotations, etc., are prohibited.
6. It is NEVER appropriate to display undergarments.
Standards of dress also include the wearing of caps and gowns by seniors at Commencement Exercises. This public function is memorable for the graduating seniors of the Omaha Public Schools and the wearing of caps and gowns lends the proper dignity to the occasion.

MAKE-UP WORK DURING SUSPENSION

Students will be given an opportunity and must assume responsibility for making up work, including tests, missed during suspension. Completion of make-up work is equal to the time the student has been suspended from school but is not to exceed ten (10) days. Credit will be awarded for acceptable makeup work. See OPS Policy No. 5207 for more information on make-up work.

MISCONDUCT BETWEEN SEMESTERS OR BETWEEN SCHOOL YEARS

If misconduct otherwise covered by the Student Code of Conduct occurs between semesters or between school years, the penalties provided for in the Student Code of Conduct shall be enforced during the next semester. The registration for and completion of a district substance abuse assessment may take place prior to the beginning of the next semester if either a hearing on the misconduct is waived or any hearing requested is completed sufficiently in advance of the beginning of the next semester to permit successful completion of the assessment. If the assessment is not successfully completed prior to the beginning of the next semester, the penalties otherwise provided for in the Student Code of Conduct shall be enforced on the student during the next semester.

NO TRESPASS/BAN AND BAR RESTRICTION

Visitors to the schools must respect the learning environment and maintain proper behavior and decorum. Disruption of the orderly process of the school is prohibited. The principal or his/her designee is authorized to deny access, ban or bar future access, remove or request the removal of any visitor whose behavior is disruptive to the educational/working environment of the school as outlined below:

1. Presents a risk to the safety of others resulting in the likelihood of violence (i.e. specific threats, posturing, or actions)
2. Presents a disruption to the learning environment adversely affecting students/staff (i.e. yelling or destroying property)
3. Repeated failures to follow school policy/procedures (i.e. refuses direction from school administrators or check-in process)
4. Does not have legitimate purpose to be on school grounds or activities (i.e. lottering or wandering inside building)

An individual in receipt of a “No Trespass or Ban/Bar Restriction” may not come onto the grounds of an issuing school. All restrictions are applicable from date of issuance through the subsequent summer and are made void, unless otherwise specified, each August. Any visitor to the schools who has been denied access or who has been asked to leave may appeal to Student and Community Services.

PERSONAL CELL PHONE/PORTABLE DEVICE GUIDELINES FOR STUDENTS

The purpose of these guidelines is to provide a district-wide procedure regarding the use of cell phones and other Personal Electronic Devices (PEDs) by students and the consequences for noncompliance with the procedure to ensure that the use of cell phones and PEDs does not interfere with teaching and learning during the school day.

GUIDELINES

High school students are permitted to use cell phones and PEDs only during lunch and passing periods, as well as before and after school. Elementary and middle school students shall leave cell phones powered off in their backpacks or lockers and may only use them before or after school and/or at the approval of their building administration. The use of cell phones and PEDs should not interfere with teaching and learning during the school day. The school assumes no liability for theft, loss, or damage of cell phones and/or other PEDs possessed by students on school property or held by school officials during the confiscation period.

DEFINITIONS

1. “Cell phone” includes, and is not limited to, iPhones, “smart” phones, Internet enabled phones and other PEDs that are capable of placing and/or receiving telephone calls (including personal listening device such as earphones, ear buds, “Bluetooth”, etc.), text messages, creating and distributing videos, taking photographs, and the like.

5. “School property” includes parking lots, school buses, and outside or inside all areas of the school building.

6. “Turned off” or “powered off” means the device is not activated. Devices in quiet vibrate or other modes, except off, are not considered turned off or powered off.

7. “Use” includes carrying or possessing a cell phone or PED that is either visible or can be heard, with or without a personal listening device such as earphones, ear buds, “Bluetooth”, etc. A cell phone set on “vibrate” or “manner mode” shall be considered to be in use. Building administration will have the discretion to determine the use of cell phones and PEDs for students participating in after school and/or extracurricular activities while on school property or while attending school sponsored or school related activities on or off school property.

Prohibited Use of Cell Phones and PEDs:

- The use of cell phones and PEDs at any time other than those specified.

If guidelines for use are not followed, then the Personal Electronic Device (PEDs) and/or cell phone may be confiscated:

When a PED and/or cell phone is confiscated the device should be turned over to the designated staff member. The individual who confiscated the item shall take reasonable measures to secure the item until such time the PED and/or cell phone is given to the building administration by the end of the day. Once the device is turned over to the designated staff member, the staff member shall take appropriate action to store the device in a secured location within the school building. Return of the device will occur according to building policy, which may include communication with the parent(s)/guardian(s) and possible disciplinary action.

Noncompliance with Attempted Confiscation:

Students committing repeated violations of this Procedure shall be subject to additional disciplinary action consistent with the Student Code of Conduct. Students who refuse to comply with a request to turn over their cell phone and/or PED shall be subject to discipline for insubordination and such other disciplinary action consistent with the Student Code of Conduct.

SCHOOL EXCLUSION AND DUE PROCESS RIGHTS

A principal (or designee) may determine that it is necessary to exclude a student from classes. The decision to exclude is made after the principal has investigated the facts, given the student oral or written notice of the charges against the student, and provided an opportunity for the student to present the student's version.

The range of possible exclusions includes short-term suspension, emergency exclusion, long-term suspension, expulsion, or reassignment. It is the principal’s responsibility to determine the type of exclusion and/or action recommended. A student cannot attend school, take part in any school function including graduation ceremonies, or be on school property during the duration of a suspension, exclusion, or expulsion.

The administrator will take action based upon first-hand information. This may include contact with witnesses to the student’s prohibited conduct. Prior to any decision, the administrator must confer with the student to inform the student of his/her decision. The administrator will take action based upon first-hand information. This may include contact with witnesses to the student’s prohibited conduct. Prior to any decision, the administrator must confer with the student to inform the student of his/her decision.

In cases of recommendations for long-term suspension, reassignment, exclusion or expulsion, the student may, upon request, have a hearing on the specific charges. Students are advised of this right when a principal decides to recommend one of the above actions. If a hearing is not requested within five school days the recommendation will go in effect. See OPS Policy No. 5101 for more information on student discipline and exclusion of students from school.

If a student receiving special education services violates a provision of the Student Code of Conduct resulting in a recommendation for expulsion, mandatory reassignment, or a long-term suspension in excess of five consecutive days, an IEP Manifestation Determination (Due Process) meeting shall be convened within three working days of the recommendation. The IEP team shall determine if the conduct in question was caused by, or had a direct and substantial relationship to the student’s disability and will also determine if the conduct in question was a direct result of the school district’s failure to implement the IEP. If a student or parent(s)/guardian(s) wishes to appeal the outcome of the IEP Manifestation Determination an appeal could be placed through the Special Education Department with the Director of Special Education.

SCHOOL RESOURCE OFFICERS (SRO)

School Resource Officers (SROs) are hired and trained to support the safety efforts of the Omaha Public Schools. They serve in designated schools and work alongside school administration. SROs and/or police officers are responsible for responding to criminal law matters where it is mandated by law that such offenses be referred to the criminal justice system. Absent an immediate threat of imminent physical harm and/or criminal law matters, school discipline issues are addressed by school administration.

SROs and/or police officers who witness school discipline issues shall contact school administration to address the matter. SROs should act as any school adult in redirecting minor misbehavior and may choose to de-escalate a situation using conflict resolution techniques and leverage existing positive relationships with those involved. Incidents must be referred to school personnel to determine appropriate response for violations of the Student Code of Conduct.

STUDENT SEARCHES – Policy No. 5406

Searches of School Lockers, Student Automobiles, and Students’ Persons

The school exercises exclusive control over this school property, and students should not expect privacy regarding items placed in school property because school property is subject to search at any time by school officials. Students are responsible for whatever is contained in desks, lockers, and district owned electronics issued by the school.

Vehicles parked on school property are subject to search by the principal or the principal’s designee if the principal or his or her designee has reasonable cause to believe that contraband is in or on the vehicle.

Students and their personal effects are subject to being searched by the principal or his or her designee if there is reasonable cause to believe that the student is in possession of contraband or evidence indicating that the student has otherwise violated the Student Code of Conduct. This includes all student pockets, purses, backpacks, and other kinds of carrying devices, and any personal computing, communication, and data storage devices. If the student does not allow the search, Law Enforcement may be called.

SECRET ORGANIZATIONS

Student Attendance: STRIVE FOR 95

Attending school on time and every day is a critical and necessary factor for student success. Showing up for school and being ready to learn has a huge impact on student academic success and their connectedness to school starting in kindergarten and continuing through high school.

STRIVE FOR 95 focuses on students missing no more than 9 days throughout the year. Students are expected to arrive on time and be engaged in learning throughout the academic day.

Attendance matters. Students who maintain the STRIVE FOR 95 goal are more likely to be on or above grade level academically, be socially and emotionally connected to the school and staff, and remain on track to high school graduation.

Ensuring students arrive on time and attend school throughout the day is everyone’s responsibility.

Student Responsibilities
• Establish bed time and morning routines
• Understand the importance of STRIVE FOR 95 and why attendance matters
• Arrive on time
• Attend school the entire day

• Schedule any medical or other appointments after school or on non-school days
• Report any absences to the school attendance secretary

Teacher Responsibilities

• Celebrate students who are meeting attendance goals

Administrative and Support Staff Responsibilities

Secondary School Attendance Practices (Middle and High School guidance)

Student attendance in school is the key to learning. The goal is for each student to be in class every day, on time and for the entire day. The responsibility for attendance is shared by the student, the parent(s)/guardian(s), the teacher, and other school staff. Although each person’s performance affects reaching the goal and STRIVING FOR 95, everyone will be responsible for the student’s actions and consequences for their actions will follow.

Students:
Secondary students have the primary responsibility to be at school on time, every day, for the entirety of the day, and to report on time to their scheduled class each period. All absences are instructional minutes missed, with the exception of a school sponsored activity, shall count as an absence from school. Work covered in each class period is important, and any time missed affects student performance.

Students who are absent more than ten days in a semester may have difficulty completing the required work at a passing level.

Students have the responsibility to make arrangements for makeup instruction and complete all work missed due to absences. Teachers should follow the Omaha Public Schools common grading practices.

Promptness to class is also very important. Practices dealing with tardiness must be in place at the classroom as well as the school level and be clearly communicated to all students.

Parent(s)/Guardian(s):

Parent(s)/guardian(s) have the responsibility to emphasize the importance of school attendance and see that the student is in school on time and through its entirety every day. STRIVE FOR 95 is a collaborative effort and with parent/guardian support we can reach this goal. Parent(s)/guardian(s) shall call the school if a student is absent and shall provide appropriate written notice including doctor’s notes if applicable. Parent(s)/guardian(s) have the responsibility to encourage their students to make up work. Parent(s)/guardian(s) should attend parent-teacher conferences and contact the teacher, principal or other school official if they have questions. Parent(s)/guardian(s) involvement in or attendance at school events and activities supports the importance of school and also creates better understanding and communication.
Teachers:
Teachers will provide the classroom climate, instruction and acceptance of all students that promote learning and good attendance. Clear expectations for student performance and activities that are essential parts of instruction must occur at the very beginning of each class as well as throughout the class period. Teachers are responsible for assisting students in completing makeup work following the student’s absence.

Administrative and Support Staff:
Principals, Assistant Principals, Counselors, and other support staff will demonstrate a firm but caring demeanor that communicates high expectations and concern for the individual and his/her attendance. Parent(s)/guardian(s) will be informed of cumulative absences at regular intervals.

Students who are absent must be given the support, encouragement and instructional help they need to master the appropriate learning outcomes. Although any absence may lower a student’s academic achievement, the goal shall be to support the student in learning with the overall goal to be mastery of learning outcomes.

STUDENT SIGNATURE OF RECEIPT OF SCHOOL RULES
The signature on the Receipt of Student Handbook verifies that a copy of the Student Handbook, which contains the Student Code of Conduct and other school rules, was received. The signature shows agreement to the accepted responsibility to know the contents of the handbook, to understand the rules for students contained in it, and that the rules will be followed. In elementary schools, the signature is received by the parent(s)/guardian(s) of the student. In secondary schools, the student signs the Receipt of Student Handbook.

SUMMER SCHOOL AND DUE PROCESS
Students attending school classes during non-traditional times, such as spring and summer sessions, are also held to the requirements of the Student Code of Conduct. However, disciplinary consequences may be limited to short-term suspension, long-term suspension and Expulsion from Summer School. Students have the right to a hearing if more than five days of the session are missed due to a disciplinary action.

SURVEILLANCE CAMERAS – STUDENTS
Surveillance cameras are located on all school buses and in various public spaces in school buildings. These cameras are present to assist school officials in providing a safe learning environment for all students. Video from these cameras although otherwise confidential student records, may be reviewed in the presence of school officials by parent(s)/guardian(s) of students being disciplined as a result of misconduct recorded on tape. If an incident involves two or more students, then all parent(s)/guardian(s) must provide written consent to view the video. Written consent is not needed for students who are seen in the video, but who are not involved in the incident. Video may be used as evidence in student hearings. See OPS Policy No. 3231 for more information on video surveillance.

Students should know that they have no expectation of privacy in those places where surveillance cameras are installed and that student hearing records become public records if a student in an appeal to the Ad Hoc Student Discipline Hearing Committee of the Board of Education requests a public hearing on the appeal or files a lawsuit challenging the decision of the Committee.

TOBACCO, ALCOHOL, DRUGS
The use of tobacco, drugs, alcohol, controlled substance, imitation controlled substance or abuse of non-controlled substance in the school is forbidden. The school district recognizes that student drug and alcohol abuse is a public health issue and not a school discipline, juvenile justice, or criminal issue. When students are suspected of using or abusing drugs, school staff will collaborate with the parent(s)/guardian(s) to address the issue, and students may be referred to student assistance programs. Suspension is not considered intervention for drug use or abuse, but may be utilized in order to maintain a safe and drug free school environment.

UNAUTHORIZED VISIT TO OTHER CAMPUSES
A violation committed by a student on school grounds other than those of the school to which the student is assigned or at any school sponsored activity or athletic event shall be punished in the same manner as if the offense had been committed at the student’s assigned school.
